Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network Air Ambulance Services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under your Plan:

- Without the need for Precertification;
- Whether the Provider is In-Network or Out-of-Network;

If the Emergency Services you receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if you receive Emergency Services from an Out-of-Network Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, Out-of-Network cost-shares (i.e., Copayments, Deductibles and/or Coinsurance) will apply to your claim if the treating Out-of-Network Provider determines you are stable, meaning you have been provided necessary Emergency Care such that your condition will not materially worsen and the Out-of-Network Provider determines: (i) that you are able to travel to an In-Network Facility by non-emergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) you are in condition to receive the information and provide informed consent. If you continue to receive services from the Out-of-Network Provider after you are stabilized, you will be responsible for the Out-of-Network cost-shares, and the Out-of-Network Provider will also be able to charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an In-Network Facility

When you receive Covered Services from an Out-of-Network Provider at an In-Network Facility, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider. However, if the Out-of-Network Provider gives you proper notice of its charges, and you give written consent to such charges, claims will be paid at the Out-of-Network benefit level. This means you will be responsible for Out-of-Network cost- shares for those services and the Out-of-Network Provider can also charge you any difference between the Maximum Allowed Amount and the Out-of-Network Provider's billed charges. This Notice and Consent process described below does not apply to Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility. Your Out-of-Pocket costs for claims for Covered Ancillary Services furnished by an Out-of-Network Provider at an In-Network Facility will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Provider.. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) Hospitalists; (I) Intensivists; and (J) any

services set out by the U.S. Department of Health & Human Services. In addition, the Claims Administrator will not apply this notice and consent process to you if the Claims Administrator does not have an In-Network Provider in your area who can perform the services you require.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

1. By obtaining your written consent not later than 72 hours prior to the delivery of services; or
2. If the notice and consent is given on the date of the service, if you make an appointment within 72 hours of the services being delivered.

Out-of-Network Air Ambulance Services

When you receive Covered Services from an Out-of-Network Air Ambulance Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Air Ambulance Provider.

How Cost-Shares Are Calculated

Your cost shares for Surprise Billing Claims will be calculated based on the Recognized Amount. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility or for Covered Services provided by an Out-of-Network Air Ambulance Service Provider will be applied to your In-Network Out-of-Pocket Limit.

Appeals

If you receive Emergency Services from an Out-of-Network Provider or Covered Services from an Out-of-Network Provider at an In-Network Facility or Out-of-Network Air Ambulance Services and believe those services are covered by the No Surprises Act, you have the right to appeal that claim. If your appeal of a Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the “Your Right To Appeals” section of this Benefit Book..

Provider Directories

The Claims Administrator is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from The Claims Administrator that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost shares will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

The Claims Administrator provides the following information on its website:

- Protections with respect to Surprise Billing Claims by Providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act.

You may also obtain the following information on The Claims Administrator’s website or by calling Member Services at the phone number on the back of your ID Card:

- Cost sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing / directory of all In-Network Providers.

In addition, the Claims Administrator will provide access through its website to the following information:

- In-Network negotiated rates; and

- Historical Out-of-Network rates.

Federal Notices

Choice of Primary Care Physician

The Claims Administrator generally allows the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need precertification from the Claims Administrator or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining precertification for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com.

Statement of Rights Under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consultation with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay in excess of 48 hours (or 96 hours).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance use disorder benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance use disorder benefits cannot set day/visit limits on mental health or substance use disorder benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance use disorder benefits offered under the Plan.

The Mental Health Parity and Addiction Equity Act also provide for parity in the application of non-quantitative treatment limitations (NQTL). An example of a non-quantitative treatment limitation is a precertification requirement.

Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance use disorder benefits that are more restrictive than Deductibles, Copayment, Coinsurance, and out of pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

Coverage for a Child Due to a Qualified Medical Support Order (“QMCSO”)

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask your Employer or Plan Administrator to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Statement of Rights Under the Women’s Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the “Schedule of Benefits” for details.) If you would like more information on WHCRA benefits, call the number on the back of your Identification Card.

Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan if you or your Dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your Dependents’ other coverage). However, you must request enrollment within 31 days after your or your Dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber’s or Dependent’s Medicaid or Children’s Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call the Member Services telephone number on your Identification Card, or contact your Employer.

Statement of ERISA Rights

Please note: This section applies to employer sponsored plans **other than** Church employer groups and government groups. If you have questions about whether this Plan is governed by ERISA, please contact the Plan Administrator (the Employer).

The Employee Retirement Income Security Act of 1974 (ERISA) entitles you, as a Member of the Employer under the Plan, to:

- Examine, without charge, at the Plan Administrator's office and at other specified locations such as worksites and union halls, all plan documents, including insurance contracts, collective bargaining agreements and copies of all documents filed by this plan with the U.S. Department of Labor, such as detailed annual reports and plan descriptions;
- Obtain copies of all plan documents and other plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for these copies; and
- Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for you and other Employees, ERISA imposes duties on the people responsible for the operation of your Employee benefit plan. The people who operate your plan are called plan fiduciaries. They must handle your plan prudently and in the best interest of you and other plan participants and beneficiaries. No one, including your Employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your right under ERISA. If your claim for welfare benefits is denied, in whole or in part, you must receive a written explanation of the reason for the denial. You have the right to have your claims reviewed and reconsidered.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in a federal court. In such case, the court may require the Plan Administrator to provide you the materials and pay you up to \$110 a day until you receive the materials, unless the materials are not sent because of reasons beyond the control of the Plan Administrator. If your claim for benefits is denied or ignored, in whole or in part, you may file suit in a state or federal court. If plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. It may order you to pay these expenses, for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Schedule of Benefits

In this section you will find an outline of the benefits included in your Plan and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the "What's Covered" and Prescription Drugs section(s) for more details on the Plan's Covered Services. Read the "What's Not Covered" section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

IMPORTANT NOTE: To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. **Except for Surprise Billing Claims, when you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the "Claims Payment" section for more details.**

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider's billed charges.

Essential Health Benefits provided within this Booklet are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime and/or dollar maximum.

Essential Health Benefits are defined by federal law and refer to benefits in at least the following categories:

- Ambulatory patient services,
- Emergency services,
- Hospitalization,
- Maternity and newborn care,
- Mental health and substance use disorder services, including behavioral health treatment,
- Prescription drugs,
- Rehabilitative and habilitative services and devices,
- Laboratory services,
- Preventive and wellness services, and
- Chronic disease management and pediatric services, including oral and vision care.

Such benefits shall be consistent with those set forth under the Patient Protection and Affordable Care Act of 2010 and any regulations issued pursuant thereto.

Benefit Period	Calendar Year
Dependent Age Limit	To the end of the month in which the child attains age 26. Please see the "Eligibility and Enrollment – Adding Members" section for further details.

Deductible	In-Network	Out-of-Network
Per Member	\$2,000	\$4,000
Per Family – All other Members combined	\$4,000	\$8,000

If you, the Subscriber, are the only person covered by this Plan, only the “per Member” amounts apply to you. If you also cover Dependents (other family members) under this Plan, only the “per Family” amounts apply.

The In-Network and Out-of-Network Deductibles are separate and cannot be combined.

When the Deductible applies, you must pay it before benefits begin. See the sections below to find out when the Deductible applies.

Coinsurance	In-Network	Out-of-Network
Plan Pays	80%	60%
Member Pays	20%	40%

Reminder: Your Coinsurance will be based on the Maximum Allowed Amount. Except for Surprise Billing Claims, if you use an Out-of-Network Provider, you may have to pay Coinsurance plus the difference between the Out-of-Network Provider’s billed charge and the Maximum Allowed Amount.

Note: The Coinsurance listed above may not apply to all benefits, and some benefits may have a different Coinsurance. Please see the rest of this Schedule for details.

Out-of-Pocket Limit	In-Network	Out-of-Network
Per Member	\$6,000	\$12,000
Per Family – All other Members combined	\$12,000	\$24,000

For any given Member, the Out-of-Pocket Limit is met either after he/she meets their individual Out-of-Pocket Limit, or after the entire family Out-of-Pocket Limit is met. The family Out-of-Pocket Limit can be met by any combination of amounts from any Member; however, no one Member may contribute any more than his/her individual Out-of-Pocket Limit toward the family Out-of-Pocket Limit.

The Out-of-Pocket Limit includes all Deductibles and Coinsurance you pay during a Benefit Period unless otherwise indicated below. It does not include charges over the Maximum Allowed Amount, amounts you pay for non-Covered Services, pharmacy claims, penalties for non-compliance and services deemed not medically necessary by medical management and/or Anthem.

The In-Network and Out-of-Network Out-of-Pocket Limits are separate and do not apply toward each other.

Important Notice about Your Cost Shares

In certain cases, if the Plan pays a Provider amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, the Plan may collect such amounts directly from you. You agree that we, on behalf of the Employer, have the right to collect such amounts from you.

The tables below outline the Plan’s Covered Services and the cost share(s) you must pay. In many spots you will see the statement, “Benefits are based on the setting in which Covered Services are received.” In these cases you should determine where you will receive the service (i.e., in a Doctor’s office, at an outpatient hospital facility, etc.) and look up that location to find out which cost share will apply. For example, you might get physical therapy in a Doctor’s office, an outpatient hospital facility, or during an inpatient hospital stay. For services in the office, look up “Office and Home Visits.” For services in the outpatient department of a hospital, look up “Outpatient Facility Services.” For services during an inpatient stay, look up “Inpatient Services.” For services involving mental health, substance use disorders, or behavioral health treatment for autism spectrum disorders, look up “Mental Health and Substance Use Disorder (Chemical Dependency) Services.”

**Human Organ and Tissue Transplant
(Bone Marrow / Stem Cell) Services**

Please call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this *before* you have an evaluation and/or work-up for a transplant. To get the most benefits under your Plan, you must get certain human organ and tissue transplant services from an In-Network Transplant Provider that we have chosen as a Centers of Medical Excellence for Transplant Provider and/or a Provider designated as an In-Network Transplant Provider by the Blue Cross and Blue Shield Association. Even if a Hospital is an In-Network Provider for other services, it may not be an In-Network Transplant Provider for certain transplant services. Please call us to find out which Hospitals are In-Network Transplant Providers. (When calling Member Services, ask for the Transplant Case Manager for further details.)

Centers of Excellence (COE) Transplant Providers

Blue Distinction Center Facility: Blue Distinction facilities have met or exceeded national quality standards for care delivery.

Centers of Medical Excellence (CME): Centers of Medical Excellence facilities have met or exceeded quality standards for care delivery.

In-Network Transplant Provider: Providers who have achieved designation as a Centers of Medical Excellence for Transplant and/or Blue Distinction Centers + or Blue Distinction Centers for Transplant.

Out of Network (PAR) Transplant Provider: Providers participating in the Plan’s networks but not designated as a Centers of Medical Excellence for Transplant or Blue Distinction Center + or Blue Distinction Center for Transplant.

The requirements described below do not apply to the following:

- Cornea and kidney transplants, which are covered as any other surgery; and
- Any Covered Services related to a Covered Transplant Procedure that you get before or after the Transplant Benefit Period. Please note that the initial evaluation, any added tests to determine your eligibility as a candidate for a transplant by your Provider, and the collection and storage of bone marrow/stem cells is included in the Covered Transplant Procedure benefit regardless of the date of service.

Benefits for Covered Services that are not part of the Human Organ and Tissue Transplant benefit will be based on the setting in which Covered Services are received. Please see the “What’s Covered” section for additional details.

Important Note on Kidney Transplants: If you choose to receive a kidney transplant from an In-Network Transplant Provider, benefits will be paid under the “Human Organ and Tissue Transplant (Bone Marrow / Stem Cell) Services”. If you choose to receive a kidney transplant from any other Provider, benefits will be paid as any other surgery

Prescription Drug Retail Pharmacy and Home Delivery (Mail Order) Benefits**In-Network****Out-of-Network**

Each Prescription Drug will be subject to a cost share (e.g., Copayment / Coinsurance) as described below. If your Prescription Order includes more than one Prescription Drug, a separate cost share will apply to each covered Drug. You will be required to pay the lesser of your scheduled cost share or the Maximum Allowed Amount. If the retail price for a covered prescription and/or refill is less than the applicable Copayment amount, you will not be required to pay more than the retail price. The retail price paid will constitute the applicable cost sharing and will apply toward the Deductible, if any, and the Out-of-Pocket Limit in the same manner as a Copayment or Coinsurance.

Day Supply Limitations – Prescription Drugs will be subject to various day supply and quantity limits. Certain Prescription Drugs may have a lower day-supply limit than the amount shown below due to other Plan requirements such as prior authorization, quantity limits and/or age limits and utilization guidelines including clinical criteria and recommendations of state and federal agencies. If the quantity of the Drug dispensed is reduced due to clinical criteria and/or recommendations of governmental agencies, the Prescription is considered complete.

How Your Plan Works

Introduction

Your Plan is a PPO plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs. **(Note:** If you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see “Member Cost Share” in the “Claims Payment” section for more information.) Cost sharing for services with Copayments is the lesser of the Copayment amount or the Maximum Allowed Amount.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network,” later in this section.

IMPORTANT NOTE: This is a Preferred Provider Organization (PPO) plan for all members except for members who are residents of Georgia, Wisconsin, Florida and New Jersey. Members residing in Georgia and Wisconsin are part of a Point of Service (POS) plan and must use the appropriate POS Network Providers in their state to receive network benefits. Members residing in Florida and New Jersey are part of a PPO network plan, and must use the appropriate PPO providers in their state to receive participating provider benefits.

In-Network Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level. Regardless of Medical Necessity, benefits will not be provided for care that is not a Covered Service. The Claims Administrator has final authority to determine the Medical Necessity of the service.

To maximize your benefits, be sure to confirm that the Provider you wish to see is an In-Network Provider with your Plan. Do not assume that a Provider is participating in the network of Providers participating on your Plan. Claims paid for Out-of-Network Provider services may mean a higher financial responsibility for you. However, if you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services provided by Out-of-Network Providers, you will pay no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see “Member Cost Share” in the “Claims Payment” section for more information.

If you receive Covered Services from an Out-of-Network Provider after the Plan failed to provide you with accurate information in our Provider Directory, or after the Plan failed to respond to your telephone or web-based inquiry within the time required by federal law, your cost share for Covered Services will be based on the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We, on behalf of the Employer, have final authority to decide the Medical Necessity of the service.

In-Network Providers include Primary Care Physicians (PCP), Specialists (Specialty Care Physicians / Providers – SCPs), other professional Providers, Hospitals, and other Facilities who contract with the Claims Administrator to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

It is important to understand that you may be referred by In-Network Providers to other Providers who may be contracted with the Claims Administrator, but are not part of your Plan’s network of In-Network Providers.

It is your responsibility to confirm that the Provider you are seeing or have been referred to see is an In-Network

Provider with your Plan. While your Plan has provided a network of In-Network Providers, it is important to understand that the Claims Administrator has many contracting Providers who are not participating in the network of Providers for your Plan. Any claims incurred with a participating Provider, who is not participating in your network panel of Providers, will be paid as Out-of-Network Provider services, even if you have been

referred by another participating Provider. However, if you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see “Member Cost Share” in the “Claims Payment” section for more information.

To see a Doctor, call their office:

- Tell them you are a Member,
- Have your Member Identification Card handy. The Doctor’s office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

For Georgia and Wisconsin residents, providers in the POS Network are considered “participating providers”.

In-Network Provider Services

For services from In-Network Providers:

- You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.
- Precertification will be done by the In-Network Provider. (See the “Getting Approval for Benefits” section for further details.)

Please read the “Claims Payment” section for additional information on Authorized Referrals.

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor’s office for instructions if you need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Referral, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services rendered by an Out-of-Network Provider:

- The Out-of-Network Provider can charge you the difference between their bill and the Plan’s Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments, except for Emergency Care, and certain non-Emergency Covered Services that you receive from an Out-of- Network Provider while you are receiving services from an In-Network Facility, as described under “Member Cost Share” in the “Claims Payment” section, unless your claim involves a Surprise Billing Claim;
- You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments), unless your claim involves a Surprise Billing Claim;
- You will have to pay for services that are not Medically Necessary;
- You will have to pay non-Covered Services;

- You may have to file claims; and
- You must make sure any necessary Precertification is done. (Please see the “Getting Approval for Benefits” section for further details.)
- After Coinsurance is applied, certain Out-of-Network benefits, such as inpatient and outpatient Facilities, are payable based on a maximum payment. If your Out-of-Network Deductible has not been satisfied and you submit a claim for services which have a maximum payment (e.g., per day, visit or admission), the Plan will apply only up to the applicable maximum payment, not the Maximum Allowed Amount, toward your Out-of- Network Deductible. For all other Out-of-Network benefits that are **not** payable based on a maximum payment, the Plan will apply only up to the Maximum Allowed Amount toward your Out-of-Network Deductible.

For Georgia and Wisconsin residents, providers not in the POS Network are considered “non-participating providers”.

Your plan is a Preferred Provider Organization (PPO) for all members except residents of Georgia, Wisconsin, Florida and New Jersey.

Members residing in Georgia and Wisconsin are part of a Point of Service (POS) network plan. The plan is divided into two sets of benefit providers: participating providers and non-participating providers. If you choose a participating provider, you will receive participating provider benefits. Members who are residents of Georgia and Wisconsin must use the appropriate POS network provider in their respective state to receive participating provider benefits. Utilizing this method means you will not have to pay as much money; your out-of-pocket expenses will be higher when you use non-participating providers.

Members residing in Florida are part of a PPO network plan. The plan is divided into two sets of benefit providers: participating providers and non-participating providers. If you choose a participating provider, you will receive participating provider benefits. Members who are residents of Florida must use the appropriate PPO network provider in their respective state to receive participating provider benefits. Utilizing this method means you will not have to pay as much money; your out-of-pocket expenses will be higher when you use non-participating providers.

Surprise Billing Claims

Surprise Billing Claims are described in the “Consolidated Appropriations Act of 2021 Notice” at the beginning of this Booklet. Please refer to that section for further details.

Connect with Us Using Our Mobile App

As soon as you enroll in this Plan, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website, www.anthem.com.

How to Find a Provider in the Network

There are several ways you can find out if a Provider or Facility is in the Claims Administrator’s network. You can also find out where they are located and details about their license or training:

- See your Plan’s directory of In-Network Providers at www.anthem.com, which lists the Physicians, Providers, and Facilities that participate in this Plan’s network. **Please Note: It is very important that you select your specific Plan to receive an accurate list of In-Network Providers for your Plan.**
- Search for a Provider in our mobile app.
- Contact Member Services to request a list of Physicians and Providers that participate in this Plan’s network, based on specialty and geographic area.
- Check with your Physician or Provider

If you need details about a Provider’s license or training, or help choosing a Physician who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with the Claims Administrator to help with your needs.

Second Opinions

If you have a question about your condition or about a plan of treatment which your Physician has recommended, you may receive a second medical opinion from another Physician. This second opinion visit would be provided according to the benefits, limitations and Exclusions of this Booklet. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose an In-Network Provider. You may also ask your Physician to refer you to an In-Network Provider to receive a second opinion.

Triage or Screening Services

If you have questions about a particular condition or you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of a Member’s health by a Doctor or nurse who is trained to screen or triage for the purpose of determining the urgency of the Member’s need for care. Please contact the 24/7 NurseLine at the telephone number listed on your Identification Card 24 hours a day, 7 days a week.

Continuity of Care

Transition Assistance for New Members

Transition Assistance is a process that allows for continuity of care for new Members receiving services from an Out-of-Network Provider. If you are a new Member, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of Covered Services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition due to a disease, illness or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of Covered Services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another Provider, as determined by the Claims Administrator in consultation with the Member and the Out-of-Network Provider and consistent with good professional practice. Completion of Covered Services shall not exceed twelve (12) months from the time the Member enrolls with the Plan.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of Covered Services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a Maternal Mental Health Condition from the individual's treating health care provider, completion of covered services for the Maternal Mental Health Condition shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A Maternal Mental Health Condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of Covered Services shall be provided for the duration of the terminal illness.
5. The care of a newborn child between birth and age thirty-six (36) months. Completion of Covered Services shall not exceed twelve (12) months from the time the Member enrolls with the Plan.
6. Performance of a surgery or other procedure that the Claims Administrator has authorized as part of a documented course of treatment and that has been recommended and documented by the Provider to occur within 180 days of the time the Member enrolls.

Please contact Member Services at the telephone number on the back of your Identification Card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on the Member's clinical condition; it is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the Plan.

You will be notified by telephone, and the Provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, the Member will be financially responsible only for applicable Deductibles, Coinsurance and/or Copayments under this Plan. Financial arrangements with Out-of-Network Providers are negotiated on a case-by-case basis. The Claims Administrator will request that the Out-of-Network Provider agree to negotiate reimbursement and/or contractual requirements that apply to In-Network Providers, including payment terms. If the Out-of-Network Provider does not agree to negotiate said reimbursement and/or contractual requirements, the Claims Administrator is not required to continue that Provider's services. If the Member does not meet the criteria for Transition Assistance, the Member is afforded due process including having a Physician review the request.

Continuation of Care after Termination of Provider

Subject to the terms and conditions set forth below, the Plan will pay benefits to a Member at the In-Network Provider level for Covered Services (subject to applicable Copayments, Coinsurance, Deductibles and other terms) rendered by a Provider whose participation in the Claims Administrator's Provider network has terminated. If your In-Network Provider leaves our network for any reason other than termination of cause, retirement or death, or if coverage under this Plan ends because the Plan's Administrative Services Agreement ends, or because your Group changes plans, and you are in active treatment, you may be able to continue seeing that Provider for a limited period of time and still get the In-Network benefits.

1. The Member must be under the care of the In-Network Provider at the time of the termination of the Provider's participation. The terminated Provider must agree in writing to provide services to the Member in accordance with the terms and conditions of his/her agreement with the Claims Administrator prior to termination. The Provider must also agree in writing to accept the terms and reimbursement rates under his/her agreement with the Claims Administrator prior to the termination. If the Provider does not agree with these contractual terms and conditions, the Claims Administrator is not required to continue the Provider's services beyond the contract termination date.
2. The Plan will furnish such benefits for the continuation of services by a terminated Provider only for any of the following conditions:
 - a. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of Covered Services shall be provided for the duration of the acute condition.
 - b. A serious chronic condition. A serious chronic condition is a medical condition due to a disease, illness or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of Covered Services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another Provider, as determined by the Claims Administrator in consultation with the Member and the terminated Provider and consistent with good professional practice. Completion of Covered Services shall not exceed twelve (12) months from the Provider's contract termination date.
 - c. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of Covered Services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a Maternal Mental Health Condition from the individual's treating health care provider, completion of covered services for the Maternal Mental Health Condition shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A Maternal Mental Health Condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
 - d. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of Covered Services shall be provided for the duration of the terminal illness.
 - e. The care of a newborn child between birth and age thirty-six (36) months. Completion of Covered Services shall not exceed twelve (12) months from the Provider's contract termination date.
 - f. Performance of a surgery or other procedure that the Claims Administrator has authorized as part of a documented course of treatment and that has been recommended and documented by the Provider to occur within 180 days of the Provider's contract termination date.
3. Such benefits will not apply to Providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.
4. Please contact Member Services at the telephone number on the back of your Identification Card to request continuation of care or to obtain a copy of the written policy. Eligibility is based on the Member's clinical

condition; it is not determined by diagnostic classifications. Continuation of care does not provide coverage for services not otherwise covered under the Agreement.

You will be notified by telephone, and the Provider by telephone and fax, as to whether or not your request for continuation of care is approved. If approved, the Member will be financially responsible only for applicable Deductibles, Coinsurance and/or Copayments under this Plan. Financial arrangements with terminated Providers are negotiated on a case-by-case basis. The Claims Administrator will request that the terminated Provider agree to negotiate reimbursement and/or contractual requirements that apply to In-Network Providers, including payment terms. If the terminated Provider does not agree to negotiate said reimbursement and/or contractual requirements, the Claims Administrator is not required to continue that Provider's services. If you disagree with our determination regarding continuation of care, please refer to the "Your Right To Appeals" section for additional details.

Your Cost-Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you are required to pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the amount of cost-sharing you must pay. Please refer to the "Schedule of Benefits" for details on the cost-shares that apply to this Plan. Also refer to the "Definitions" section for a better understanding of each type of cost share.

Crediting Prior Plan Coverage

If you were covered by the Employer's prior carrier / plan immediately before the Employer signs up with us, with no break in coverage, then you will get credit for any accrued Deductible and, if applicable and approved by us, Out of Pocket amounts under that other plan. This does not apply to people who were not covered by the prior carrier or plan on the day before the Employer's coverage with us began, or to people who join the Employer later.

If your Employer moves from one of our plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued Deductible and, Out of Pocket amounts, if applicable and approved by us. Any maximums, when applicable, will be carried over and charged against the maximums under this Plan.

If your Employer offers more than one of our products, and you change from one product to another with no break in coverage, you will get credit for any accrued Deductible and, if applicable, Out of Pocket amounts and any maximums will be carried over and charged against maximums under this Plan.

If your Employer offers coverage through other products or carriers in addition to ours, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Deductible, Out of Pocket amounts, and any maximums under this Plan.

This Section Does Not Apply To You If:

- Your Employer moves to this Plan at the beginning of a Benefit Period;
- You change from one of our individual policies to a group plan;
- You change employers; or
- You are a new Member of the Group who joins the Group after the Employer's initial enrollment with us.

The BlueCard Program

Like all Blue Cross and Blue Shield plans throughout the country, the Claims Administrator participates in a program called "BlueCard," which provides services to you when you are outside the Service Area. For more details on this program, please see "Inter-Plan Arrangements" in the "Claims Payment" section.

Identification Card

The Claims Administrator will provide an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only covered Members have the right to receive services under this Plan. If anyone gets services or benefits to which they are not entitled to under the terms of this Benefit Booklet, he/she must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free standing imaging center, infusion center, Ambulatory Surgery Center, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. The Claims Administrator may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost effective is available and appropriate. "Clinically equivalent" means treatments that for most Members, will give you similar results for a disease or condition.

In-Network Providers will initiate the review on your behalf. An Out-of-Network Provider may or may not initiate the review for you. In both cases, it is your responsibility to initiate the process and ask your Physician to request prior authorization. You may also call us directly.

If you have any questions about the utilization review process, the medical policies, or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if it's decided your services are Medically Necessary. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. Fees must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under your Plan;
4. The service cannot be subject to an Exclusion under your Plan; and
5. You must not have exceeded any applicable limits under your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required Pre-service Review, for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admission following Emergency Care, you, your authorized representative or Doctor must notify the Claims Administrator of the admission as soon as possible. For labor/ childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay / Concurrent Review** – A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service has been provided. Post-service Reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service Reviews are done for a service, treatment or admission in which the Claims Administrator has a related clinical coverage guideline and are typically initiated by the Claims Administrator.

Services for which Precertification are required (i.e., services that need to be reviewed by us to determine whether they are Medically Necessary) include, but are not limited to, the following:

- All inpatient Hospital admissions;
- Inpatient Facility treatment for Mental Health and Substance Use Disorder Services and residential treatment (including detoxification and rehabilitation);
- Skilled Nursing Facility stays;
- Organ and Tissue Transplants, peripheral stem cell replacement and similar procedures;
- Bariatric surgical procedures;
- All Infusion Therapy (in any setting) inclusive of Specialty Drugs and related services (for each Course of Therapy) in any setting, including, but not limited to: Physician's office, infusion center, outpatient Hospital or clinic, or your home or other residential setting;
- Home Health Care;
- Specific outpatient services, including diagnostic treatment and other services;
- Specific surgical procedures, wherever performed, as specified by us;
- Specific diagnostic procedures, including advanced imaging procedures, wherever performed.
- Specific medical supplies and equipment;
- Air ambulance services for non-Emergency Hospital to Hospital transfers;
- Certain non-Emergency ground ambulance services;
- Behavioral health treatment for autism spectrum disorders;
- Chiropractic / Osteopathic / Manipulative Therapy, Physical Therapy and Occupational Therapy after 24 **combined** visits. While there is no limit on the number of covered visits for Medically Necessary services, additional visits in excess of the stated number of visits require Precertification;
- Partial hospitalization, intensive outpatient programs, transcranial magnetic stimulation (TMS);
- Genetic testing;
- All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures; and

- Other specific procedures, wherever performed, as specified by us.

For a list of current procedures requiring Precertification, please call the toll-free number for Member Services printed on your Identification Card.

Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed, even though it is not required. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor (“requesting Provider”) will get in touch with the Claims Administrator to ask for a Precertification review. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to get Precertification	Comments
In-Network	Provider	<ul style="list-style-type: none"> The Provider must get Precertification when required
Out-of-Network / Non-Participating	Member	<ul style="list-style-type: none"> Member must get Precertification when required. (Call Member Services.) Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and or setting is found to not be Medically Necessary.
BlueCard Provider	Member (except for Inpatient Admissions)	<ul style="list-style-type: none"> Member must get Precertification when required. (Call Member Services.) Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary. BlueCard Providers must obtain Precertification for all Inpatient Admissions.
<p>NOTE: For an Emergency Care admission, Precertification is not required. However, you, your authorized representative, or Doctor must tell us of the admission as soon as possible.</p>		

Failure to Obtain Precertification Penalty for Out-of-Network Services: If you or your Out-of-Network Provider do not obtain the required precertification for an Out-of-Network service, a \$500 penalty will apply. This does not apply to Medically Necessary Inpatient Facility Services from an In-Network or BlueCard Provider.

How Decisions are Made

The Claims Administrator will use clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies to help make Medical Necessity decisions. This includes decision about Prescription Drugs as detailed in the section "Prescription Drugs Administered by a Medical Provider". Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The Claims Administrator reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card. You can also find our medical policies on our website at www.anthem.com.

If you are not satisfied with the Claims Administrator's decision under this section of your benefits, please refer to the "Your Right to Appeals" section to see what rights may be available to you.

Decision and Notification Requirements

The Claims Administrator will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on federal regulations. You may call the telephone number on your Identification Card for additional information.

Type of Review	Timeframe Requirement for Decision and Notification
Urgent Pre-service Review	72 hours from the receipt of request
Non-Urgent Pre-service Review	15 calendar days from the receipt of the request
Urgent Continued Stay/ Concurrent Review when hospitalized at the time of the request and no previous authorization exists	24 hours from the receipt of the request. The Plan may request additional information within the first 24 hours and then extend to 72 hours
Urgent Continued Stay / Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-service Review	30 calendar days from the receipt of the request

If more information is needed to make their decision, the Claims Administrator will tell the requesting Provider of the specific information needed to finish the review. If Claims Administrator does not get the specific information needed by the required timeframe, a decision will be made based upon the information received. The Claims Administrator will give notice to you and your Provider of its decision as required by state and federal regulations. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

The Claims Administrator may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if such change furthers the provision of cost effective, value based and/or quality services.

The Claims Administrator may also select certain qualifying Providers to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. The Claims Administrator may also exempt your claim from medical review if certain conditions apply.

Just because the Claims Administrator exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that the Claims Administrator will do so in the future, or will do so in the future for any other Provider, claim or Member. The Claims Administrator may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by contacting the Member Services number of the back of your ID card.

The Claims Administrator also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then the Claims Administrator may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

Our health plan individual case management programs (Case Management) helps coordinate services for Members with health-care needs due to serious, complex, and/or chronic health conditions. The Claims Administrator's programs coordinate benefits and educate Members who agree to take part in the Case Management Program to help meet their health-related needs.

Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part in, the Claims Administrator will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Physician(s), and other Providers.

In addition, the Claims Administrator may assist with coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Period Maximums of this Plan. The Claims Administrator will make its decision case-by-case, if in the Claims Administrator's discretion the alternate or extended benefit is in the best interest of you and the Plan, and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to you or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the Claims Administrator will notify you or your authorized representative in writing.

What's Covered

This section describes the Covered Services available under your Plan. Your Covered Services are subject to all the terms and conditions listed in this Benefit Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, exclusions and Medical Necessity requirements. Please refer to the "Schedule of Benefits" for details on the amounts you are required to pay for Covered Services and for details on any Benefit Maximums. Also be sure to refer to the "How Your Plan Works" section for additional information on your Plan's rules. Read the "What's Not Covered" section for important details on excluded services. In addition, read "Getting Approval for Benefits" to determine when services require Precertification.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have inpatient surgery, benefits for your Hospital stay will be described under "Inpatient Services" and benefits for your Physician's services will be described under "Office Visits and Physician Services." As a result, you should review all benefit descriptions that might apply to your claims.

You should also be aware that many of the Covered Services can be received in several settings, including a Physician's office, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where you choose to receive Covered Services, and this can result in a change in the amount you will need to pay. Please see the "Schedule of Benefits" for additional information on how benefits vary in each setting.

Acupuncture

Please see "Therapy Services" later in this section.

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service as described in this section when you are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. Ambulance services include medical and mental health Medically Necessary non-Emergency ambulance transportation, including psychiatric transportation for safety issues. Ambulance Services do not include transportation by car, taxi, bus, gurney van, wheelchair van and any other type of transportation (other than a licensed ambulance), even if it is the only way to travel to a Provider

Ambulance services are a Covered Service when one or more of the following criteria are met:

- For ground ambulance, you are taken:
 - From your home, scene of accident or medical Emergency to a Hospital;
 - Between Hospitals, including when the Claims Administrator requires you to move from an Out-of-Network Hospital to an In-Network Hospital;
 - Between a Hospital and Skilled Nursing Facility; or
 - Between a Hospital or Skilled Nursing Facility or other approved Facility.
- For air or water ambulance, you are taken:
 - From the scene of an accident or medical Emergency to a Hospital;
 - Between Hospitals, including when the Claims Administrator requires you to move from an Out-of-Network Hospital to an In-Network Hospital; or

- Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider. For Emergency ambulance services performed by an Out-of-Network Provider you do not need to pay any more than would have been paid for services from an In-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we select, the Out-of-Network Provider may bill you for any charges that exceed the Plan's Maximum Allowed Amount.

When using an air ambulance for non-Emergency transportation, we, on behalf of the Employer reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we select, no benefits will be available.

You must be taken to the nearest Facility that can give care for your condition. In certain circumstances the Claims Administrator may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- a) A Doctor's office or clinic;
- b) A morgue or funeral home.

If provided through the 911 Emergency response system or the 988 suicide and crisis lifeline call, ambulance charges are covered if it is reasonably believed that a medical Emergency existed even if you are not transported to a Hospital. Payment of benefits for ambulance services may be made directly to the Provider of service unless proof of payment is received by us prior to the benefits being paid.

IN SOME AREAS A 911 EMERGENCY RESPONSE SYSTEM OR A 988 SUICIDE AND CRISIS LIFELINE HAS BEEN ESTABLISHED. THESE SYSTEMS ARE TO BE USED ONLY WHEN THERE IS AN EMERGENCY MEDICAL CONDITION THAT REQUIRES AN EMERGENCY RESPONSE.

IF YOU REASONABLY BELIEVE THAT YOU ARE EXPERIENCING AN EMERGENCY, YOU SHOULD CALL 911, 988 OR GO DIRECTLY TO THE NEAREST HOSPITAL EMERGENCY ROOM.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma

care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.

Autism Services

Please see “Pervasive Developmental Disorder or Autism” later in this section.

Behavioral Health Services

Emergency Services

Benefits are available in a Hospital Emergency Room for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

“Emergency,” or “Emergency Medical Condition” means a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that failure to obtain immediate medical care could result in: (a) placing the patient’s health or the health of another person in serious jeopardy or, for a pregnant women, placing the women’s health or the health of her unborn child in serious jeopardy; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions as may be determined to be Emergencies by the Claims Administrator.

Emergency Care

“Emergency Care” means a medical or behavioral health exam done in the Emergency Department of a Hospital and includes services routinely available in the Emergency Department to evaluate an Emergency Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service, and will not require Precertification. The Out-of-Network Provider can only charge you any applicable Deductible, Coinsurance, and/or Copayment and cannot bill you for the difference between the Maximum Allowed Amount and their billed charges until your condition is stable and the Out-of-Network Provider has complied with the notice and consent process as described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet. Your cost shares will be based on the Recognized Amount, and will be applied to your In-Network Deductible and In-Network Out-of-Pocket Limit

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be determined using the median Plan In-Network contract rate the Plan pays In-Network Providers for the geographic area where the service is provided for the same or similar services.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls the Claims Administrator as soon as you are stabilized. The Claims Administrator will review your care to decide if a Hospital stay is needed and how many days you should stay. See “Getting Approval for Benefits” for more details.

Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet for more details on how this will impact your benefits. (**Note:** If you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see “Member Cost Share” in the “Claims Payment” section for more information.)

You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Covered Services include:

Your Doctor must agree to care by the Hospice and must be consulted in the development of the treatment plan. The Hospice must keep a written care plan on file and give it to the Claims Administrator upon request.

Not getting Precertification will result in a denial of benefits.

Note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what Covered Procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees). Benefits for urgent care include:

- “Medical Chat” means Covered Services accessed through our mobile app, website with a Provider via text message or chat for limited medical care.
- “Telehealth / Telemedicine” means the delivery of health care or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing or secure instant messaging through our mobile app and interactive store and forward (asynchronous) technology, facsimile, audio-only telephone or electronic mail. Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. Benefits for telehealth are provided on the same basis and to the same extent as the same Covered Services provided through in-person contact. In-person contact between a health care Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. Coverage under this section is not limited to services delivered to select third-party corporate telehealth Providers.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

Benefits do not include the use of texting (outside of our mobile app), electronic mail or non-secure instant messaging. Benefits also do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to Providers outside our network, benefit precertification, or Provider to Provider discussions except as approved under “Office and Home Visits.”

If you have any questions about this coverage, please contact Member Services at the number on the back of your Identification Card.

Vision Services

Benefits include medical and surgical treatment of injuries and illnesses of the eye. Certain vision screenings required by Federal law are covered under the "Preventive Care" benefit.

Benefits do not include glasses and contact lenses except as listed in the "Prosthetics" benefit.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, hormone replacement therapy to the extent required by law, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting. Benefits for Drugs that you inject or get through your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" section.

Important Requirements for Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Physician may be asked to give more details before the Claims Administrator can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, the Claims Administrator has established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated,
- Use of a Prescription Drug List (a formulary developed by the Claims Administrator) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound ingredients with a compound drug are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, ingredients of the compound drug are FDA approved in the form in which they are used in the compound Drug, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. The Claims Administrator will give the results of the decision to both you and your Provider.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with the Claims

Administrator to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Getting Approval for Benefits" for more details.

If precertification is denied you have the right to file a Grievance as outlined in the "Your Right to Appeals" section of this Booklet.

Note that antiretroviral Drugs that are Medically Necessary for the prevention of AIDS/HIV, including preexposure prophylaxis (PrEP) or postexposure prophylaxis (PEP), are not subject to Precertification or step therapy. Also, if the United States Food and Drug Administration has approved one or more therapeutic equivalents of a Drug, device, or product for the prevention of AIDS/HIV, then at least one therapeutically equivalent version will be covered without Precertification or step therapy.

Designated Pharmacy Provider

The Claims Administrator may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with the Claims Administrator. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider's office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider's office.

You may also be required to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. The Claims Administrator reserves their right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. The Claims Administrator may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug, if in their discretion, such change can help provide cost effective, value based and/or quality services.

If you are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider you will not have coverage for that Prescription Drug.

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check the website at www.anthem.com.

Therapeutic Equivalents

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Member Services at the phone number on the back of your Identification Card.

Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy

Your Plan also includes benefits for Prescription Drugs you get at a Retail or Mail Order Pharmacy as outlined in the “Schedule of Benefits”. The Claims Administrator uses a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery (Mail Order) Pharmacy, and a Specialty Pharmacy. The PBM works to make sure Prescription Drugs are used properly. This includes checking that Prescription Drugs are based on recognized and appropriate doses and checking for drug interactions or pregnancy concerns.

Please note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to you by a medical Provider in a medical setting (e.g., doctor’s office visit, home care visit, or outpatient Facility) are covered under “Prescription Drugs Administered by a Medical Provider” Benefit. Please read that section for important details.

This section applies also to Prescription Drugs needed for treatment of Mental Health and Substance Use Disorder (Chemical Dependency).

Prescription Drug Benefits

Prescription Drug benefits may require prior authorization to determine if your Drugs should be covered. Your In-Network Pharmacist will be told if Prior Authorization is required and if any additional details are needed to decide benefits.

Prior Authorization

Prescribing Providers must obtain prior authorization in order for you to get benefits for certain Drugs. At times, your Provider will initiate a prior authorization on your behalf before your Pharmacy fills your Prescription. At other times, the Pharmacy may make you or your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription drug is eligible for coverage, the Claims Administrator has established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated,
- Use of a Prescription Drug List (as described below).

You or your Provider can get the list of the Drugs that require prior authorization by calling Pharmacy Member Services at the phone number on the back of your Identification Card or check the website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with the Claims Administrator to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

The Claims Administrator may, from time to time, waive, enhance, change or end certain prior authorization and/or offer alternate benefits if such change furthers the provision of cost effective, value based and/or quality services.

If prior authorization is denied you have the right to file a Grievance as outlined in the “Your Right to Appeals” section of this Booklet.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and you must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Benefits are available for the following:

- Prescription Drugs available from either a Retail Pharmacy or the PBM's Home Delivery Pharmacy.
- Specialty Drugs.
- Self-administered Drugs. These are Drugs that do not need administration or monitoring by a Provider in an office or Facility. Injectables and infused Drugs that need Provider administration and/or supervision are covered under the “Prescription Drugs Administered by a Medical Provider” benefit.
- Self-injectable insulin and certain supplies and equipment used for administration of insulin.
- Continuous glucose monitoring systems, including monitors designed to assist the visually impaired.
- Self-administered contraceptives, including oral contraceptive Drugs, self-injectable contraceptive Drugs, contraceptive patches, and contraceptive rings. Coverage is also provided for up to a 12-month supply of FDA-approved, Self-Administered Hormonal Contraceptives, when dispensed or furnished at one time by a Provider or pharmacist, or at a location licensed or otherwise authorized to dispense Drugs or supplies. Certain contraceptives are covered under the “Preventive Care” benefit. Please see that section for more details. If your Physician determines that none of these contraceptive methods are appropriate for you based on your medical or personal history, coverage will be provided for another prescription contraceptive method that is approved by the Food and Drug Administration (FDA) and prescribed by your Physician.

Note that a prescription shall not be required to trigger coverage of over-the-counter FDA-approved contraceptive Drugs, devices, and products and point-of-sale coverage for over-the-counter FDA-approved contraceptive Drugs, devices, and products shall be provided at in-network pharmacies without cost sharing or medical management restrictions.

- Special food products or supplements when prescribed by a Physician if the Claims Administrator agrees they are Medically Necessary.
- Prescription Drugs to eliminate or reduce dependency on, or addiction to, tobacco and tobacco products.
- FDA-approved smoking cessation products, including over the counter nicotine replacement products, when obtained with a Prescription for a Member age 18 or older. These products will be covered under the “Preventive Care” benefit.
- Aspirin to reduce the risk of heart attack or stroke, for men ages 45-79 and women ages 55-79.
- Immunization (including administration) required by the “Preventive Care” benefit.
- Flu Shots (including administration). These will be covered under the “Preventive Care” benefit.
- Compound ingredients within compound drugs when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound drugs are FDA approved in the form in which they are used in the compound Drug, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.
- Prescription Drugs used to treat sexual or erectile dysfunctions or inadequacies.

Where You Can Obtain Prescription Drugs

In-Network Pharmacy

You can visit one of the local Retail Pharmacies in our network. Give the Pharmacy the prescription from your Doctor and your Identification Card and they will file your claim for you. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when you get the Drug. If you do not have your Identification Card, the Pharmacy will charge you the full retail price of the Prescription and will not be able to file the claim for you. You will need to ask the Pharmacy for a detailed receipt and send it to us with a written request for payment.

Important Note: If the Claims Administrator determines that you may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of In-Network Pharmacies may be limited. If this happens, the Claims Administrator may require you to select a single In-Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single In-Network Pharmacy. The Claims Administrator will contact you if its determined that use of a single In-Network Pharmacy is needed and give you options as to which In-Network Pharmacy you may use. If you do not select one of the In-Network Pharmacies offered within 31 days, a single In-Network Pharmacy will be selected for you. If you disagree with the decision, you may ask for a reconsideration as outlined in the “Your Right to Appeals” section of this Booklet.

In addition, if the Claims Administrator determines that you may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of In-Network Providers for Controlled Substance Prescriptions may be limited. If this happens, the Claims Administrator may require you to select a single In-Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescription will only be paid if you use the single In-Network Provider. The Claims Administrator will contact you if they determine that use of a single In-Network Provider is needed and give you options as to which In-Network Provider you may use. If you do not select one of the In-Network Providers the Plan offer within 31 days, the Plan will select a single In-Network Provider for you. If you disagree with the Claims Administrator’s decision, you may ask them to reconsider it as outlined in the “Your Right to Appeals” section of this Booklet.

Maintenance Pharmacy

You may also obtain a 90-day supply of Maintenance Medications from a Maintenance Pharmacy. A Maintenance Medication is a Drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If you are not sure the Prescription Drug you are taking is a Maintenance Medication or need to determine if your Pharmacy is a Maintenance Pharmacy, please call Member Services at the number on the back of your Identification Card or check the website at www.anthem.com for more details.

Specialty Pharmacy

The Plan keeps a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list of Specialty Drugs will change from time to time. You or your Doctor may be required to order certain Specialty Drugs from the PBM's Specialty Pharmacy.

When you use the PBM's Specialty Pharmacy, its patient care coordinator will work with you and your Physician to get prior authorization and to ship your Specialty Drugs to your home or your preferred address. Your patient care coordinator will also tell you when it is time to refill your prescription.

You can get the list of covered Network Specialty Pharmacies and/or Specialty Drugs by calling Pharmacy Member Services at the phone number on the back of your Identification Card or check the Claims Administrator’s website at www.anthem.com.

Specified Specialty Drugs must be obtained through the specialty pharmacy program unless you qualify for an exception. When the specified Specialty Drugs are not obtained through the specialty pharmacy program (and you don’t have an exception), you will not receive any benefits for these Drugs under this plan. You will have to pay the full cost of Specialty Drugs you get from a retail Pharmacy that should have been obtained from the specialty pharmacy program. If you order through the home delivery program a Specialty Drug that must be obtained through the specialty pharmacy program, the order will be forwarded to the specialty pharmacy program for processing and will be processed according to the specialty pharmacy program rules.

Exceptions to the specialty pharmacy program

This requirement does not apply to:

- The first month's supply of a specified Specialty Drug which is available through a retail In-Network Pharmacy (limited to a 30-day supply);
- Drugs, which, due to Medical Necessity, are needed urgently and must be administered to the Member immediately.

How to obtain an exception to the specialty pharmacy program

If you believe that you should not be required to get your medication through the specialty pharmacy program, for any of the reasons listed above or others, you or your Physician must complete an "Exception to the Specialty Pharmacy Program" form to request an exception and send it to us. The form can be faxed or mailed to us. If you need a copy of the form, you may call the Pharmacy Member Services number listed on your Identification Card to request one. You can also get the form online at www.anthem.com/ca. If we, on behalf of the Employer, have given you an exception, it will be good for a limited period of time. The exception period will be determined based on the reason for the exception. When the exception period ends, if you believe that you should still not be required to get your medication through the specialty pharmacy program, you must again request an exception. If the Plan denies your request for an exception, it will be in writing and will tell you why the Plan did not approve the exception.

Urgent or Emergency need of a Specialty Drug subject to the specialty pharmacy program. If you are out of a Specialty Drug which must be obtained through the specialty pharmacy program, we will authorize an override of the specialty pharmacy program requirement for 72 hours, or until the next business day following a holiday or weekend, to allow you to get a 72-hour Emergency supply of medication, or the smallest packaged quantity, whichever is greater, if your Doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment or Coinsurance, if any.

If you order your Specialty Drug through the specialty pharmacy program and it does not arrive, if your Physician decides that it is Medically Necessary for you to have the Drug immediately, the Plan will authorize an override of the specialty pharmacy program requirement for a 30-day supply or less to allow you to get an Emergency supply of medication from an In-Network Pharmacy near you. A Pharmacy Member Services representative from the specialty pharmacy program will coordinate the exception and you will not be required to pay an additional Copayment.

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy which lets you get certain Drugs by mail if you take them on a regular basis. You will need to contact the PBM to sign up when you first use the service. You can mail written prescriptions from your Doctor or have your Doctor send the prescription to the Home Delivery Pharmacy. Your Doctor may also call the Home Delivery Pharmacy. You will need to send in any Copayments, Deductible, or Coinsurance amounts that apply when you ask for a prescription or refill.

Out-of-Network Pharmacy

You may also use a Pharmacy that is not in the network. You will be charged the full retail price of the Prescription Drug and you will have to submit your claim for the Prescription Drug to the Claims Administrator. (Out-of-Network Pharmacies won't file the claim for you.) You can obtain a claims form from the Claims Administrator or the PBM. You must fill the top section of the form and ask the Out-of-Network Pharmacy to fill in the bottom section. If the bottom section of this form cannot be completed by the pharmacist, you must attach itemized detailed receipt to the claim form. The receipt must show:

- Name and address of the Out-of-Network Pharmacy;
- Patient's name;
- Prescription number;

- Date the prescription was filled;
- Name of the Drug;
- Cost of the prescription; and
- Quantity of each covered Prescription Drug or refill dispensed.

You must pay the amount shown in the Schedule of Benefits. This is based on the Maximum Allowed Amount as determined by the Claims Administrator's normal or average contracted rate with network pharmacies on or near the date of service.

What You Pay for Prescription Drugs

Your share of the cost for Prescription Drugs may vary based on the tier the Drug is in.

Tiers

- Tier 1 Drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.
- Tier 2 Drugs have a higher Coinsurance or Copayment than those in Tier 1.
- Tier 3 Drugs have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.
- Tier 4 Drugs has the same Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.

The Plan assigns drugs to tiers based on clinical findings from the Pharmacy and Therapeutics (P&T) Process. The Plan may cover one form of administration instead of another, or put other forms of administration in a different tier.

Preferred Generic Program

Prescription Drugs will always be dispensed as ordered by your Doctor. You may ask for, or your Doctor may order, the Brand Name Drug. However, if a Generic Drug is available, you will have to pay the difference in the cost between the Generic and Brand Name Drug. [If a Generic Drug is not available, or if your Doctor writes "Dispense as Written" or "Do not Substitute" on your prescription, you will only have to pay the Copayment/Coinsurance applicable to the Tier to which the Brand Drug is assigned. You will not be charged the difference in cost between the Generic and Brand Name Prescription Drug.] For certain higher cost Generic Drugs we reserve the right, in our sole discretion, to make an exception and not require you to pay the difference in cost between the Generic and Brand Name Drug. By law, Generic and Brand Name Drugs must meet the same standards for safety, strength, and effectiveness. Using Generics generally saves money, yet gives the same quality.

Prescription Drug List

The Claims Administrator follows a Prescription Drug List, (a formulary), which is a list of FDA-approved Prescription Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain Drugs if they are not on the Prescription Drug List.

The Drug List (Formulary) is developed based upon clinical findings, and where proper, the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability on the availability of over-the-counter medicines, Generic Drugs, the use of one Drug over another, and where proper, certain clinical economic reasons.

The Claims Administrator retains the right to decide coverage based upon medication dosage, dosage forms, manufacturer, and administration methods (i.e., oral, injection, topical, or inhaled) and may cover one form instead of another as Medically Necessary.

You may request a copy of the covered Prescription Drug list by calling the Pharmacy Member Services telephone number on the back of your Identification Card or visiting the website at www.anthem.com. The covered Prescription Drug list is subject to periodic review and amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

Exception Request for a Drug not on the Prescription Drug List

If you or your Doctor believes you need a Prescription Drug that is not on the Prescription Drug List, please have your Doctor or pharmacist get in touch with the Claims Administrator. The Claims Administrator, on behalf of the Employer, will cover the other Prescription Drug only if determined that it is Medically Necessary and appropriate over the other Drugs that are on the List. The Claims Administrator will make a coverage decision within 72 hours of receiving your request. If the coverage of the Drug is approved, coverage of the Drug will be provided for the duration of your prescription, including refills. If coverage of the Drug is denied, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including refills.

You or your Doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Plan. The Claims Administrator will make a coverage decision within 24 hours of receiving your request. If the coverage of the Drug is approved, coverage of the Drug will be provided for the duration of the exigency. If coverage of the Drug is denied, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency.

Coverage of a Drug approved as a result of your request or your Doctor's request for an exception will only be provided if you are a Member enrolled under the Plan.

Additional Features of Your Prescription Drug Pharmacy Benefit

Day Supply and Refill Limits

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Benefits." In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases you may be able to get an early refill. For example, you may refill your prescription early if it is decided that you need a larger dose. The Claims Administrator will work with the Pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the PBM and ask for an override for one early refill. If you need more than one extra refill, please call Member Services at the number on the back of your Identification Card.

Half-Tablet Program

The Half-Tablet Program lets you pay a reduced cost share on selected "once daily dosage" Drugs on our approved list. The program lets you get a 30-day supply (15 tablets) of the higher strength Drug when the Doctor tells you to take a "½ tablet daily." The Half-Tablet Program is strictly voluntary and you should talk to

your Doctor about the choice when it is available. To get a list of the Drugs in the program call the number on the back of your Identification Card.

Therapeutic Equivalents

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Pharmacy Member Services at the phone number on the back of your Identification Card.

Split Fill Dispensing Program

The split fill dispensing program is designed to prevent and/or minimize wasted Prescription Drugs if your Prescription Drugs or dose changes between fills, by allowing only a portion of your prescription to be filled. This program also saves you out of pocket expenses. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. You can access the list of these Prescription Drugs by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.

Drug Cost Share Assistance Programs

If you qualify for certain non-needs based drug cost share assistance programs offered by drug manufacturers (either directly or indirectly through third parties) to reduce the Deductible, Copayment, or Coinsurance you pay for certain Specialty Drugs, the reduced amount you pay may be the amount we apply to your Deductible and/or Out-of-Pocket Limit. In addition, we may also enroll you in a program, the Cost Relief Program, that allows you to further reduce your costs, and may eliminate your out-of-pocket costs altogether. We, on behalf of the Employer, will work with manufacturers to get the maximum cost share assistance you are eligible for, and will manage enrollment and renewals on your behalf.

Participation in this program is voluntary. If you currently take one or more Prescription Drugs included in this program, the Plan will automatically enroll you in the program and send you a welcome letter, followed up with a phone call that provides specific information about the program as it pertains to your medication. Whether you enroll in the Cost Relief Program or not, any non-needs based cost-share assistance you receive will not accumulate to your Deductible or Out-of-Pocket Limit.

If you or a covered family member are not currently taking, but will start a new Prescription Drug covered under this program, you can either contact the Plan or the Plan will proactively contact you so that you can take full advantage of the program.

Some drug manufacturers will require you to sign up to take advantage of the assistance that they provide. In those cases, the Plan will contact you to let you know what you need to do.

The list of Prescription Drugs covered by the Cost Relief Program may be updated periodically by the Plan. Please refer to our website, www.anthem.com, for the latest list.

Opting Out

If you do not wish to participate in this program, you can opt out, and you will be responsible for a portion of the cost of the Specialty Drug. Your cost will depend on the Specialty Drug prescribed and the level of cost share assistance that would have been available to you under the Cost Relief Program, but will not be more than 50% of the Maximum Allowed Amount.

Because certain Specialty Drugs are not classified as “essential health benefits” under the Plan in accordance with the Affordable Care Act, Member cost share payments for these Specialty Drugs, do not count towards the Plan’s Deductible or Out-of-Pocket Limit. If you have already met your Deductible or Out-of-Pocket Limit with other claims, you will still be required to pay a portion of the cost for these Specialty Drugs. A list of Specialty Drugs that are not considered to be “essential health benefits” is available. An exception process is available for determining whether a Specialty Drug that is not an essential health benefit is medically necessary for a particular individual.

Special Programs

Except when prohibited by federal regulations (such as HSA rules), from time to time the Plan may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery Drugs, over the counter Drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time.

Rebate Impact on Prescription Drugs You get at Retail or Home Delivery Pharmacies

We and/or our PBM may also, from time to time, enter into agreements that result in our receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by us from rebates on Prescription Drugs purchased by you from Retail, Home Delivery, or Specialty Pharmacies under this section. If the Prescription Drug purchased by you is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the Maximum Allowable Amount for the Prescription Drug. Any Deductible or Coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all Members enrolled in coverage of this type.

It is important to note that not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time you purchase the Prescription Drug, the amount of the rebate applied to your claim will be based on an estimate. Payment on your claim will not be adjusted if the later determined rebate value is higher or lower than our original estimate.

What's Not Covered

In this section you will find a review of items that are not covered by your Plan. Excluded items will not be covered if the service, supply, or equipment is Medically Necessary. This section is not meant to be a complete list of all the items that are excluded by your Plan.

If you or your Doctor believes you need to use a different Prescription Drug, please have your Doctor or pharmacist get in touch with the Claims Administrator. Benefits for the Prescription Drug will be reviewed from time to time to make sure the Drug is still Medically Necessary.

Claims Payment

This section describes how the Claims Administrator reimburses claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Maximum Allowed Amount

General

This section describes the term “Maximum Allowed Amount” as used in this Booklet, and what the term means to you when obtaining Covered Services under this Plan. The Maximum Allowed Amount is the total reimbursement payable under your Plan for Covered Services you receive from In-Network and Out-of-Network Providers. It is our payment towards the services billed by your Provider combined with any Deductible, Coinsurance or Copayment owed by you. In some cases, you may be required to pay the entire Maximum Allowed Amount. For instance, if you have not met your Deductible under this Plan, then you could be responsible for paying the entire Maximum Allowed Amount for Covered Services. Except for Surprise Billing Claims*, when you receive services from an Out-of-Network Provider, you may be billed by the Provider for the difference between their charges the Maximum Allowed Amount and the Provider’s actual charges. In many situations, this difference could be significant. If you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see “Member Cost Share” below for more information.

**Surprise Billing Claims are described in the “Consolidated Appropriations Act of 2021 Notice” at the front of this Booklet. Please refer to that section for further details.*

The Plan has provided three examples below, which illustrate how the Maximum Allowed Amount works. These examples are for illustration purposes only.

Example: The Plan has a Member Coinsurance of 30% for In-Network Provider services after the Deductible has been met.

- The Member receives services from an In-Network surgeon. The charge is \$2,000. The Maximum Allowed Amount under the Plan for the surgery is \$1,000. The Member’s Coinsurance responsibility when an In-Network surgeon is used is 30% of \$1,000, or \$300. This is what the Member pays. The Plan pays 70% of \$1,000, or \$700. The In-Network surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The Plan has a Member Coinsurance of 50% for Out-of-Network Provider services after the Deductible has been met.

- The Member receives services from an Out-of-Network surgeon. The charge is \$2,000. The Maximum Allowed Amount under the Plan for the surgery is \$1,000. The Member’s Coinsurance responsibility when an Out-of-Network surgeon is used is 50% of \$1,000, or \$500. The Plan pays the remaining 50% of \$1,000, or \$500. In addition, the Out-of-Network surgeon could bill the Member the difference between \$2,000 and \$1,000. So the Member’s total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

Example: The Member receives outpatient surgery services from an Out-of-Network Facility. The Deductible has not been met, which means that the Plan won't cover anything until the Member meets their Deductible.

- The charge is \$3,500. The Maximum Allowed Amount under the Plan for the outpatient Facility surgery is \$2,000. The outpatient Facility charges are capped at a maximum benefit payable of \$380 per admission. The Plan calculates benefits based on 50% of the Maximum Allowed Amount (\$1,000), up to the maximum benefit payable of \$380, which is the amount applied to the Member's Deductible.
- Since the Deductible has not been met, the Member is responsible for paying any charges in excess of the \$380 maximum benefit payable that the Provider may bill.

When you receive Covered Services, the Plan will, to the extent applicable, apply claim processing rules to the claim submitted. We, on behalf of the Employer, use these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the Maximum Allowed Amount if the Plan determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your Provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the Maximum Allowed Amount will be based on the single procedure code.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

IMPORTANT NOTE: This is a Preferred Provider Organization (PPO) plan for all members except for members who are residents of Georgia, Wisconsin, Florida and New Jersey. Members residing in Georgia and Wisconsin are part of a Point of Service (POS) plan and must use the appropriate POS Network Providers in their state to receive network benefits. Members residing in Florida and New Jersey are part of a PPO network plan, and must use the appropriate PPO providers in their state to receive participating provider benefits.

In-Network Providers: For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for your Plan is the rate the Provider has agreed with the Claims Administrator to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services at the telephone number on the back of your Identification Card for help in finding an In-Network Provider or visit www.anthem.com.

Out-of-Network Providers or Other Eligible Providers: Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers or Other Eligible Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers. For Covered Services you receive from an Out-of-Network Provider or Other Eligible Provider the Maximum Allowed Amount will be based on the applicable Out-of-Network Provider or Other Eligible Provider rate or fee schedule for your Plan, an amount negotiated by us or a third party vendor which has been agreed to by the Out-of-Network Provider or Other Eligible Provider, an amount based on or derived from the total charges billed by the Out-of-Network Provider or Other Eligible Provider, an amount based on information provided by a third party vendor or an amount based on reimbursement or cost information from the Centers for Medicare & Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, the Claims Administrator will update such information, which is unadjusted for geographic locality, no less than annually. For Medical Emergency care rendered by an Out-of-Network Provider within California, reimbursement is based on the Reasonable and Customary Value.

Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the methods shown above unless the contract between us and that Provider specifies a different amount.

Unlike In-Network Providers, Out-of-Network Providers and Other Eligible Providers may send you a bill and collect for the amount of the Out-of-Network Provider's or Other Eligible Provider's charge that exceeds the Maximum Allowed Amount under this Plan or the Reasonable and Customary Value except those charges related to Emergencies within California. This amount can be significant. (**Note:** If you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services from Out-of-Network Providers, you will pay no more than the same cost sharing that you would pay for those same non-Emergency Covered Services received from an In-Network Provider, and you will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. Please see "Member Cost Share" below for more information.) Choosing an In-Network Provider will likely result in lower out-of-pocket costs to you. Please call the Member Services telephone number on the back of your Identification Card for help in finding an In-Network Provider or visit our website at www.anthem.com. Member Services is also available to assist you in determining your Plan's Maximum Allowed Amount for a particular Covered Service from an Out-of-Network Provider or Other Eligible Provider. Please see "Inter-Plan Arrangements" later in this section for additional details.

Please see your "Schedule of Benefits" for your payment responsibility.

For Covered Services rendered outside the Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing the Plan would use if the healthcare services had been obtained within the Service Area, or a special negotiated price.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using prescription drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services, and depending on your Plan design, you may be required to pay all or a part of the Maximum Allowed Amount as your cost share amount (Deductible, Copayment, and/or Coinsurance). Your cost share amount and Out-of-Pocket Limits may be different depending on whether you received Covered Services from an In-Network Provider, Out-of-Network Provider or Other Eligible Provider. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using Out-of-Network Providers or Other Eligible Providers. However, if you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services from Out-of-Network Providers, you will pay no more than the same cost sharing that you would pay for those same non-Emergency Covered Services received from an In-Network Provider, and you will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. Please see Your "Schedule of Benefits" in this Booklet for your cost share responsibilities and limitations, or call Member Services at the telephone number on the back of your Identification Card to learn how this Plan's benefits or cost share amounts may vary by the type of Provider you use.

The Claims Administrator will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network Provider, Out-of-Network Provider or Other Eligible Provider. Non-Covered Services include services specifically excluded from coverage by the terms of your Plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/ visit limits.

In some instances you may be asked to pay only the lower In-Network Provider cost share percentage when you use an Out-of-Network Provider. For example, if you receive services from an In-Network Hospital or Facility in California at which, or as a result of which, you receive non-Emergency Covered Services from an Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist providing services at the Hospital or Facility, you will pay no more than the same cost sharing that you would pay for those same non-Emergency Covered Services received from an In-Network Provider and you will not have to pay the Out-of-Network

Provider more than the In-Network cost sharing for such non-Emergency Covered Services. The In-Network Provider cost share percentage will apply to any In-Network Deductible and the In-Network Out-of-Pocket Limit. However, if you consent in writing to receive non-Emergency Covered Services from an Out-of-Network Provider while you are receiving services from an In-Network Facility, the Plan will pay such Out-of-Network services based on the applicable Out-of-Network cost sharing stated in your “Schedule of Benefits” in this Booklet. The written consent to receive non-Emergency Covered Services from Out-of-Network Providers while you are receiving services from an In-Network Facility must demonstrate satisfaction of all the following criteria:

- At least 24 hours in advance of care, you consent in writing to receive services from the identified Out-of-Network Provider;
- The consent was obtained by the Out-of-Network Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent was not obtained by the Facility or any representative of the Facility at the time of admission or at any time when you were being prepared for surgery or any other procedure;
- At the time of consent, the Out-of-Network Provider gave you a written estimate of your total Out-of-Pocket cost of care, based on the Provider’s billed charges for the services to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving a separate written consent from you or your authorized representative, unless the Provider was required to make changes to the estimate due to circumstances during the delivery of services that were unforeseeable at the time the estimate was given;
- The consent advises that you may elect to seek care from an In-Network Provider or that you may make arrangements with your Plan to receive services from an In-Network Provider for lower Out-of-Pocket costs;
- The consent advises you that any costs incurred as a result of your use of the Out-of-Network benefits are in addition to the In-Network cost-sharing amounts and may not count toward the annual In-Network Out-of-Pocket Limit or In-Network Deductible.

Authorized Referrals

In some circumstances, the Plan may authorize In-Network Provider cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstance, you or your Physician must contact us in advance of obtaining the Covered Service. It is your responsibility to ensure that the Plan has been contacted. If the Plan authorizes an In-Network Provider cost share amount to apply to a Covered Service received from an Out-of-Network Provider, you also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider’s charge. If you receive prior authorization for an Out-of-Network Provider due to network adequacy issues, you will not be responsible for the difference between the Out-of-Network Provider’s charge and the Maximum Allowed Amount. Please contact Member Services at the telephone number on the back of your Identification Card for Authorized Referrals information or to request authorization.

It is important to understand that you may be referred by In-Network Providers to other Providers who may be contracted with the Claims Administrator, but are not part of your Plan’s network of In-Network Providers. In such case, any claims incurred would be paid as Out-of-Network Provider services, even though the Provider may be a participating Provider with the Claims Administrator.

It is your responsibility to confirm that the Provider you are seeing or have been referred to see is an In-Network Provider with your Plan. While your Plan has provided a network of In-Network Providers, it is important to understand that the Claims Administrator has many contracting Providers who are not participating in the network of Providers for your Plan. Any claims incurred with an participating Provider, who is not participating in your network panel of Providers, will be paid as Out-of-Network Provider services, even if you have been referred by another participating Provider.

If you receive services from an In-Network Facility at which, or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see "Member Cost Share" above for more information.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the Claims Administrator will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Claims Review

The Claims Administrator has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Notice of Claim & Proof of Loss

After you get Covered Services, the Claims Administrator must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information, the Claims Administrator needs to determine benefits. If the claim does not include enough information, the Claims Administrator will ask them for more details, and they will be required to supply those details within certain timeframes.
- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to the Claims Administrator or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
 - Name of patient.
 - Patient's relationship with the Subscriber.
 - Identification number.
 - Date, type, and place of service.
 - Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 15 months after the date of service. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180-day period. The claim must have the information the Plan needs to determine benefits. If the claim does not include enough information, the Claims Administrator will ask you for more details and inform you of the time by which the Plan needs to receive that information. Once the Claims Administrator receives the required information, the Claims Administrator will process the claim according to the terms of your Plan.

Please note that failure to submit the information the Claims Administrator needs by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension. Please contact Member Services if you have any questions or concerns about how to submit claims.

Residents of Georgia and Wisconsin must use POS providers.

Claim Forms

Claim forms will usually be available from most Providers. If forms are not available, contact your local Human Resources Department or Member Services and ask for a claim form to be sent to you. If you do not receive the claim form, written notice of services rendered may be submitted without the claim form. The same information that would be given on the claim form must be included in the written notice of claim. This includes:

- Name of patient.
- Patient's relationship with the Subscriber.
- Identification number.
- Date, type, and place of service.
- Your signature and the Provider's signature.

Member's Cooperation

You will be expected to complete and submit to the Claims Administrator all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Worker's Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits

You authorize the Claims Administrator, in its own discretion and on behalf of the Employer, to make payments directly to Providers for Covered Services. In no event, however, shall the Plan's right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. The Claims Administrator also reserves the right, in its own discretion, to make payments directly to you as opposed to any Provider for Covered Service. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Group's Plan), or that person's custodial parent or designated representative. Any payments made by the Claims Administrator (whether to any Provider for Covered Service or You) will discharge the Plan's obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, ERISA or any applicable Federal law.

Once a Provider performs a Covered Service, the Claims Administrator will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan documents or any other information that a Participant or beneficiary may request under ERISA. Any assignment made without written consent from the Plan will be void and unenforceable.

Inter-Plan Arrangements

Out-of-Area Services

Overview

Anthem has a variety of relationships with other Blue Cross and Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area Anthem serves (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“nonparticipating providers”) don’t contract with the Host Blue. Explained below is how both kinds of Providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, Anthem will still fulfill their contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Provider; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Anthem.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims as noted above. However, such adjustments will not affect the price Anthem uses for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price

under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem, through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Plan on your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, Anthem will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Nonparticipating Providers Outside The Service Area

The pricing method used for nonparticipating provider claims incurred outside the Anthem Service Area is described in "Claims Payment".

F. Blue Cross Blue Shield Global Core® Program

If you plan to travel outside the United States, call Member Services to find out your Blue Cross Blue Shield Global Core® benefits. You will need to file a claim form for any payments made up front.

You will find the address for mailing the claim on the form.

Coordination of Benefits When Members Are Insured Under More Than One Plan

If you are covered by more than one group health plan, your benefits under this Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each Member, per Calendar Year. Any coverage you have for medical or dental benefits, will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans routinely provides coverage for hospital private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise the Claims Administrator that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trusted plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program, including a self-insured program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this Plan which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person's benefits under This Plan for any Calendar Year if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that Calendar Year.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by anyone to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a Subscriber pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired employee.
For example: You are covered as a retired employee under this plan and entitled to Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second, and the plan which covers you as a retired employee would pay last.
3. For a dependent Child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the Calendar Year pays before the plan of the parent whose birthday falls later in the Calendar Year. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent Child of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that Child for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that Child as a dependent pays first.
- b. If the parent with custody of that Child for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that Child as a dependent of the parent with custody.
 - ii. The plan which covers that Child as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that Child as a dependent of the parent without custody.

- iv. The plan which covers that Child as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that Child's health care coverage, a plan which covers that Child as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.
6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

THE CLAIMS ADMINISTRATOR'S RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. The Claims Administrator is not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, the Claims Administrator has the right to pay that Other Plan any amount they determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy the Claims Administrator's liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, the Claims Administrator has the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

Subrogation and Reimbursement

These Subrogation and Reimbursement provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained, and You have a right to a Recovery or have received a Recovery from any source.

Definitions

As used in these Subrogation and Reimbursement provisions, “You” or “Your” includes anyone on whose behalf the plan pays benefits. These Subrogation and Reimbursement provisions apply to all current or former plan participants and plan beneficiaries. The provisions also apply to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan’s rights under these provisions shall also apply to the personal representative or administrator of Your estate, Your heirs or beneficiaries, minors, and legally incompetent or disabled persons. If the covered person is a minor, any amount recovered by the minor, the minor’s trustee, guardian, parent, or other representative, shall be subject to these Subrogation and Reimbursement provisions. Likewise, if the covered person’s relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, or because of the death of the covered person, that Recovery shall be subject to this provision, regardless of how any Recovery is allocated or characterized.

As used in these Subrogation and Reimbursement provisions, “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers’ compensation insurance or fund, premises medical payments coverage, restitution, or “no-fault” or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage, whether by lawsuit, settlement or otherwise. Regardless of how You or Your representative or any agreements allocate or characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation

Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to, or stand in the place of, all of Your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan has the right to recover payments it makes on Your behalf from any party or insurer responsible for compensating You for Your illnesses or injuries. The Plan has the right to take whatever legal action it sees fit against any person, party, or entity to recover the benefits paid under the Plan. The Plan may assert a claim or file suit in Your name and take appropriate action to assert its subrogation claim, with or without Your consent. The Plan is not required to pay You part of any recovery it may obtain, even if it files suit in Your name.

Reimbursement

If You receive any payment as a result of an injury, illness or condition, You agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of Your recovery. If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf. You must promptly reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.

Secondary to Other Coverage

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy, or personal injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies. This provision applies notwithstanding any coordination of benefits term to the contrary.

Assignment

In order to secure the Plan’s rights under these Subrogation and Reimbursement Provisions, You agree to assign to the Plan any benefits or claims or rights of recovery You have under any automobile policy or other coverage, to the

full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim You may have regardless of whether You choose to pursue the claim.

Applicability to All Settlements and Judgments

Notwithstanding any allocation or designation of Your Recovery made in any settlement agreement, judgment, verdict, release, or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery You make. Furthermore, the Plan's rights under these Subrogation and Reimbursement provisions will not be reduced due to Your own negligence. The terms of these Subrogation and Reimbursement provisions shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the terms of any settlement, judgment, or verdict pertaining to Your Recovery identify the medical benefits the Plan provided or purport to allocate any portion of such Recovery to payment of expenses other than medical expenses. The Plan is entitled to recover from any Recovery, even those designated as being for pain and suffering, non-economic damages, and/or general damages only.

Constructive Trust

By accepting benefits from the Plan, You agree that if You receive any payment as a result of an injury, illness or condition, You will serve as a constructive trustee over those funds. You and Your legal representative must hold in trust for the Plan the full amount of the Recovery to be paid to the Plan immediately upon receipt. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. Any Recovery You obtain must not be dissipated or disbursed until such time as the Plan has been repaid in accordance with these Subrogation and Reimbursement provisions.

Lien Rights

The Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of Your illness, injury or condition upon any Recovery related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds from Your Recovery including, but not limited to, you, your representative or agent, and/or any other source possessing funds from Your Recovery. You and Your legal representative acknowledge that the portion of the Recovery to which the Plan's equitable lien applies is a Plan asset. The Plan shall be entitled to equitable relief, including without limitation restitution, the imposition of a constructive trust or an injunction, to the extent necessary to enforce the Plan's lien and/or to obtain (or preclude the transfer, dissipation or disbursement of) such portion of any Recovery in which the Plan may have a right or interest.

First-Priority Claim

By accepting benefits from the Plan, You acknowledge the Plan's rights under these Subrogation and Reimbursement provisions are a first priority claim and are to be repaid to the Plan before You receive any Recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any Recovery, even if such payment to the Plan will result in a Recovery which is insufficient to make You whole or to compensate You in part or in whole for the losses, injuries, or illnesses You sustained. The "made-whole" rule does not apply. To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by You, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses or costs. The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs You incur. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. The duty to cooperate includes, but is not limited, to the following:

- You must promptly notify the Plan of how, when and where an accident or incident resulting in personal injury or illness to You occurred, all information regarding the parties involved and any other information requested by the Plan.

- You must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Your injury, illness or condition.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation.
- You recognize that to the extent that the Plan paid or will pay benefits under a capitated agreement, the value of those benefits for purposes of these provisions will be the reasonable value of those payments or the actual paid amount, whichever is higher.
- You must not do anything to prejudice the Plan's rights under these Subrogation and Reimbursement provisions. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to You.
- You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.
- You must immediately notify the Plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its rights under these Subrogation and Reimbursement provisions, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.

If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
2. You fail to cooperate.

In the event You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.

The Plan shall also be entitled to recover any of the unsatisfied portion of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.

You acknowledge the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and their agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share Your personal health information in exercising these Subrogation and Reimbursement provisions.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing its rights under these Subrogation and Reimbursement provisions.

Discretion

The Plan Administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provisions of this Plan in its entirety and reserves the right to make changes as it deems necessary.

Your Right To Appeals

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the Plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the Plan for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the Plan for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- You will be provided with a written notice of the denial or rescission; and
- You are entitled to a full and fair review of the denial or rescission.

The procedure the Claims Administrator will follow will satisfy the requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the Claims Administrator’s notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific Plan provision(s) on which the Claims Administrator’s determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the Plan’s review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA (if applicable) within one year of the grievance or appeal decision, if you submit a grievance or appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- the Claims Administrator’s notice will also include a description of the applicable urgent/concurrent review process; and
- the Claims Administrator’s may notify you or your authorized representative within 24 hours orally and then furnish a written notification.

Appeals (Grievances)

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other

information supporting your claim. The Claims Administrator's review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

The Claims Administrator shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the Claims Administrator to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the Claims Administrator at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral *Appeals (Grievances)* is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals

P.O. Box 54159, Los Angeles, CA 90054 You must include your Member Identification Number when submitting an appeal.

Upon request, the Claims Administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the Plan, applied consistently for similarly-situated claimants; or
- is a statement of the Plan's policy or guidance about the treatment or benefit relative to your diagnosis.

The Claims Administrator will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the Claims Administrator will provide you, free of charge, with the rationale.

For Out of State Appeals (Grievances) You have to file Provider Appeals with the Host Plan. This means Providers must file Appeals with the same plan to which the claim was filed.

How Your Appeal will be Decided

When the Claims Administrator considers your appeal, the Claims Administrator's will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not Medically Necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the Claims Administrator will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the Claims Administrator will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the Claims Administrator will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the Claims Administrator will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

If, after the denial, the Claims Administrator considers, rely on or generate any new or additional evidence in connection with your claim, the Claims Administrator will provide you with that new or additional evidence, free of charge. The Claims Administrator will not base their appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If the Claims Administrator fails to follow the Appeal procedures outlined under this section the Appeals process may be deemed exhausted. However, the Appeals process will not be deemed exhausted due to de minimis violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond the Claims Administrator's control.

Voluntary Second Level Appeals

If you are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals (Grievances) must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of your coverage, you may be eligible for an independent External Review pursuant to federal law. You must submit your request for External Review to the Claims Administrator within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the Claims Administrator's internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the Claims Administrator's decision, can be sent between the Claims Administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the Claims Administrator at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the Claims Administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals

P.O. Box 54159, Los Angeles, CA 90054 This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care Plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

If your health benefit Plan is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

The Claims Administrator reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

Legal Action

You may not take legal action against the Claims Administrator to receive benefits:

- Earlier than 60 days after the Claims Administrator receives the claim; or
- Later than three years after the date the claim is required to be furnished to the Claims Administrator.

Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

The Subscriber

To be eligible to enroll as a Subscriber, the individual must be an Employee entitled to participate in the benefit Plan.

Ineligible Classes: Certain classes of employees, such as leased employees and independent contractors, are not eligible to participate in this Plan. If the employer subsequently is required by a government agency, court or other tribunal to reclassify such persons as an employees, such employees will not be eligible to participate in this Plan until the time they are specifically designated by the employer to be eligible employees. The designation will provide for eligibility only prospectively from the time the designation is made.

Dependents

1. **Spouse** is the Subscriber's spouse under a legally valid marriage. Spouse does not include any person who is: (a) covered as a Subscriber; or (b) in active service in the armed forces.
2. The Subscriber's Domestic Partner, if Domestic Partner coverage is allowed under the Group's Plan. Please contact the Employer to determine if Domestic Partners are eligible under this Plan. Domestic Partners are under a legally registered and valid domestic partnership. Domestic partner does not include any person who is: (a) covered as a Subscriber; or (b) in active service in the armed forces.

For purposes of this Plan, a Domestic Partner shall be treated the same as a spouse, and a Domestic Partner's child, adopted child, or child for whom a Domestic Partner has legal guardianship shall be treated the same as any other child.

Any federal or state law that applies to a Member who is a spouse or child under this Plan shall also apply to a Domestic Partner or a Domestic Partner's child who is a Member under this Plan. This includes but is not limited to, COBRA, FMLA, and COB. A Domestic Partner's or a Domestic Partner's child's coverage ends on the date of dissolution of the Domestic Partnership.

3. **Child** is the Subscriber's or spouse's natural child, stepchild, legally adopted child, foster child, or a child for whom the Subscriber or spouse has been appointed legal guardian by a court of law, subject to the following:
 - a. The child is under 26 years of age.
 - b. The unmarried child is 26 years of age or older and: (i) is chiefly dependent on the Subscriber or spouse for support and maintenance, and (ii) is incapable of self-sustaining employment due to a physical or mental condition. A Physician must certify in writing that the child is incapable of self-sustaining employment due to a physical or mental condition. We must receive the certification, at no expense to us, within 60 days of the date the Subscriber receives our request. We may request proof of continuing dependency and that a physical or mental condition still exists, but not more often than once each year after the initial certification. This exception will last until the child is no longer chiefly dependent on the Subscriber or spouse for support and maintenance due to a continuing physical or mental condition. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.
 - c. A child who is in the process of being adopted is considered a legally adopted child if we receive legal evidence of both: (i) the intent to adopt; and (ii) that the Subscriber or spouse have either: (a) the right to control the health care of the child; or (b) assumed a legal obligation for full or partial financial responsibility for the child in anticipation of the child's adoption.

Legal evidence to control the health care of the child means a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or relinquishment form, signed by the child's birth parent, or other appropriate authority, or in the absence of a written document, other evidence of the Subscriber's or the spouse's right to control the health care of the child.

- d. A child for whom the Subscriber or spouse is a legal guardian is considered eligible on the date of the court decree (the "eligibility date"). We must receive legal evidence of the decree.

- e. The term "child" does not include any person who is: (i) covered as a Subscriber; or (ii) in active service in the armed forces.
- f. If both parents are covered as Subscribers, their children may be covered as the dependents of either, but not of both.

The Plan may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, the Plan may require you to give the Claims Administrator a copy of any legal documents awarding guardianship of such child(ren) to you.

Types of Coverage

The types of coverage available to the Employee are indicated at the time of enrollment through the Employer.

When You Can Enroll

Eligibility Date

1. For Subscribers, you become eligible for coverage in accordance with rules established by your employer. For specific information about your employer's eligibility rules for coverage, please contact your Human Resources or Benefits Department.
2. For dependents, you become eligible for coverage on the later of: (a) the date the Subscriber becomes eligible for coverage; or (b) the date you meet the dependent definition.

Exception to the Waiting Period: If, after you become covered under this Plan, you cease to be eligible due to termination of employment, and you return to an eligible status based on your employer's eligibility rules, you will become eligible to re-enroll for coverage on the first day of the month following the date you return. When an employee moves from part-time to full-time status, they are eligible for benefits on the first of the month following the date they become a full-time employee.

Initial Enrollment

Your Employer will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on any applicable waiting period, and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described in this section.

Effective Date

Your effective date of coverage is subject to the timely payment of the required monthly contribution on your behalf. The date you become covered is determined as follows:

1. **Timely Enrollment.** If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows: (a) for Subscribers, on your eligibility date; and (b) for dependents, on the later of (i) the date the Subscriber's coverage begins, or (ii) the first day of the month after the dependent becomes eligible, or (iii) for a newborn child, coverage is effective from the moment of birth. However, if you do not enroll the newborn child within 31 days, the newborn is covered for only 31 days (including the date of birth).
2. **Late Enrollment.** If you do not enroll within the 31 day period after your eligibility date, you must wait until our next Open Enrollment Period to enroll. You may enroll earlier than our next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT FOR MAJOR LIFE EVENTS.

3. **Disenrollment.** If you voluntarily choose to disenroll from coverage under this Plan, you will be eligible to reapply for coverage as set forth in the “Enrollment” provision above, during our next Open Enrollment Period (see OPEN ENROLLMENT PERIOD). You may enroll earlier than our next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT FOR MAJOR LIFE EVENTS.

SPECIAL ENROLLMENT FOR MAJOR LIFE EVENTS. During the year, the Subscriber can make changes for him or herself and any eligible dependents if any of the Major Life Events noted below occur. Unless stated otherwise, the Subscriber must submit a Major Life Event form to us within 31 days of the event, or as otherwise indicated below. If that does not take place within the applicable time frame, the Subscriber must wait until our next Open Enrollment Period to accomplish such change.

- Marriage, reconciliation of legal separation
- Divorce, legal separation, or annulment
- Birth or legal adoption of a child
- Change in legal custody of dependents
- Child is no longer eligible for coverage (e.g. child joins the military service, or reaches the maximum age limit)
- Death of spouse/child
- Subscriber has lost coverage under another health plan wherein he or she was covered as the primary insured or a dependent, including coverage under a COBRA continuation.
- Spouse gains employment or becomes eligible for benefits through employer
- Spouse’s employment terminates or he/she is no longer eligible for benefits through employer
- Subscriber on severance becomes employed or becomes eligible for benefits through employer
- A major change in the place of residence or work of the Subscriber, the Subscriber’s spouse, or dependent child
- A court has ordered coverage be provided for a spouse under the Subscriber’s health Plan and application is filed within 31 days from the date the court order is issued.
- A Qualified Medical Child Support Order (QMCSO) requires the Subscriber to provide for medical coverage for his or her child(ren) or relieves the Subscriber from the responsibility of providing medical coverage for his or her child(ren). If coverage under the Subscriber’s Plan is required, the Subscriber must file the application within 31 days from the date the court order is issued.
- The Subscriber or spouse become eligible for Medicare and elect Medicare as the sole medical coverage.
- If you lose coverage under a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program, you must properly file an application with the Plan Administrator within 60 days after the date your coverage ended.
- You become eligible for assistance, with respect to the cost of coverage under the employer’s group Plan, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the Plan Administrator within 60 days after the date you are determined to be eligible for this assistance.

Open Enrollment

Open Enrollment refers to a period of time, usually 60 days, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. Your Employer will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 60 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of Fees or due to fraud or intentional misrepresentation of a material fact.
- Exhausted COBRA benefits or Employer contributions toward coverage were terminated.
- Lost employer contributions towards the cost of the other coverage.
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Plan Administrator's Prior Plan

Members who were previously enrolled under another plan offered by the Employer that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically for 31 days from the moment of birth. Following the birth of a child, you should submit an application / change form to the Plan Administrator within 31 days to add the newborn to your Plan.

Even if no additional Fees are required, you should still submit an application / change form to the Plan Administrator to add the newborn to your Plan, to make sure records are accurate and the Plan is able to cover your claims.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send the Plan the completed application / change form within 31 day of the event. If, however, additional Fees are required for the adopted Dependent, your Dependent's Effective Date will be the date of the adoption or placement for adoption, only if you notify the Plan of the adoption and pay any required additional Fees within 31 days of the adoption.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, the Claims Administrator will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan in accordance with the applicable requirements of such order. However, a child's coverage will not extend beyond any Dependent Age Limit listed in the "Schedule of Benefits".

Updating Coverage and/or Removing Dependents

You are required to notify the Plan Administrator of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Plan Administrator and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see "Termination and Continuation of Coverage");
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify the Plan Administrator of individuals no longer eligible for services will not obligate the Plan to cover such services, even if Fees are received for those individuals. All notifications must be in writing and on approved forms.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender or age.

Statements and Forms

All Members must complete and submit applications, or other forms or statements that the Plan may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the "Termination and Continuation of Coverage" section. The Plan will not use a statement made by you to void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

How Coverage Ends

Your coverage ends without notice as provided below:

1. If the Plan terminates, your coverage ends at the same time. This Plan may be canceled or changed without notice to you.
2. If the Plan no longer provides coverage for the class of Subscribers to which you belong, your coverage ends on the effective date of that change. If this Plan is amended to delete coverage for dependents, a dependent's coverage ends on the effective date of that change.
3. Coverage for dependents ends when Subscriber's coverage ends, or when the dependent no longer meets the Plan's definition of dependent.
4. Coverage ends at the end of the period for which the required monthly contribution has been paid on your behalf when the required monthly contribution for the next period is not paid.
5. If you no longer meet the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, your coverage ends as of the due date for the required monthly contribution following the date you cease to meet such requirements.

Exceptions to item 5:

- a. **Military Leave.** If you are a Subscriber and the required monthly contributions are paid, coverage for yourself and your dependents may continue for up to 24 months while in the military.
- b. **Leave of Absence.** If you are a Subscriber and the required monthly contributions are paid, your coverage may continue for up to 12 weeks during an approved temporary leave of absence.
- c. **Disability.** If you are a Subscriber and the required monthly contributions are paid, your coverage may continue for up to 26 weeks while you are approved for disability coverage.
- d. **Handicapped Children:** If a child reaches the age limit shown in the "Eligible Status" provision of this section, the child will continue to qualify as a dependent if he or she is (i) covered under this Plan, (ii) still chiefly dependent on the Subscriber or spouse for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A physician must certify in writing that the child has a physical or mental condition that makes the child incapable of obtaining self-sustaining employment. We will notify the Subscriber that the child's coverage will end when the child reaches the Plan's upper age limit at least 90-days prior to the date the child reaches that age. The Subscriber must send proof of the child's physical or mental condition within 60-days of the date the Subscriber receives our request. If we do not complete our determination of the child's continuing

eligibility by the date the child reaches the Plan's upper age limit, the child will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the child is no longer chiefly dependent on the Subscriber or spouse for support and maintenance or a physical or mental condition no longer exists. A child is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

You may be entitled to continued benefits under terms which are specified elsewhere under Continuation of Coverage Under Federal Law.

Termination and Continuation of Coverage

Termination of Coverage

Membership for you and your enrolled family members may be continued as long as you are employed by the Employer and meet eligibility requirements. It ceases if your employment ends, if you no longer meet eligibility requirements, if the Plan ceases, or if you fail to make any required contribution toward the cost of your coverage. In any case, your coverage would end at the expiration of the period covered by your last contribution.

Coverage of an enrolled child ceases at the end of the month when the child attains the age limit shown in the Schedule of Benefits.

Coverage of the Spouse of a Subscriber terminates at the end of the month of the date of divorce, legal separation or death.

If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30 calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayments made or Fees paid for such services..

If you permit the use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately upon written notice to the Group. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse the Claims Administrator for the Maximum Allowed Amount for services received through such misuse.

Should you or any family Members be receiving covered care in the Hospital at the time your membership terminates for reasons other than your Employer's cancellation of this Plan, or failure to pay the required premiums, benefits for Hospital Inpatient care will be provided until the date you are discharged from the Hospital.

Removal of Members

Upon written request through the Group, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

Continuation of Coverage Under Federal Law (COBRA)

If your coverage ends under the Plan, you may be entitled to elect continuation coverage in accordance with federal law. If your Employer normally employs 20 or more people, and your employment is terminated for any reason other than gross misconduct you may elect from 18-36 months of continuation benefits. You should contact your Employer if you have any questions about your COBRA rights.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your group coverage would otherwise end because of certain “qualifying events”. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary”. You, your Spouse and your Dependent children could become qualified beneficiaries if covered on the day before the qualifying event and group coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each member of your family who is enrolled in the company’s Employee welfare benefit plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
<p><u>For Employees:</u></p> <p>Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer’s Health Plan Due to Reduction In Hours Worked</p>	18 months
<p><u>For Spouses/ Dependents:</u></p> <p>A Covered Employee’s Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer’s Health Plan Due to Reduction In Hours Worked</p> <p>Covered Subscriber’s Entitlement to Medicare</p> <p>Divorce or Legal Separation</p> <p>Death of a Covered Employee</p>	<p>18 months</p> <p>36 months</p> <p>36 months</p> <p>36 months</p>
<p><u>For Dependent Children:</u></p> <p>Loss of Dependent Child Status</p>	36 months

Continuation coverage stops before the end of the maximum continuation period if the Member becomes entitled to Medicare benefits. If a continuing beneficiary becomes entitled to Medicare benefits, then a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

If the Plan Administrator Offers Retirement Coverage

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Employer, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your surviving Spouse and Dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life. His or her Spouse and Dependents may continue coverage for a maximum period of up to 36 months following the date of the retiree's death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred. A qualified beneficiary must give timely notice to the Plan Administrator in such a situation.

Notification Requirements

In the event of your termination, lay-off, reduction in work hours or Medicare entitlement, your Employer must notify the company's benefit Plan Administrator within 30 days. You must notify the company's benefit Plan Administrator within 60 days of your divorce, legal separation or the failure of your enrolled Dependents to meet the program's definition of Dependent. This notice must be provided in writing to the Plan Administrator. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

Electing COBRA Continuation Coverage

To continue enrollment, you or an eligible family member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family member of this right, whichever is later. You must pay the total Fees appropriate for the type of benefit coverage you choose to continue. If the Fees change for active associates, your monthly premium will also change. The premium you must pay cannot be more than 102% of the premium charged for Employees with similar coverage, and it must be paid to the company's benefit Plan Administrator within 30 days of the date due, except that the initial Fee payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Employees who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Employees who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Employees' Dependents are also eligible for the 18 to 29-month disability extension. (This provision also applies if any covered family member is found to be disabled.) This provision would only apply if the qualified beneficiary provides notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Fees for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Fee on time;
- A covered individual becomes covered under any other group health plan after electing COBRA;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Member may have a right to continuation of benefits subject to the conditions described below.

Under USERRA, if the Employee (or his or her Dependents) is covered under this Plan, and if the Employee becomes absent from employment by reason of military leave, the Employee (or his or her Dependents) may have the right to elect to continue health coverage under the plan. In order to be eligible for coverage during the period that the Employee is gone on military leave, the Employee must give reasonable notice to the Employer of his or her military leave and the Employee will be entitled to COBRA-like rights with respect to his or her medical benefits in that the Employee and his or her Dependents can elect to continue coverage under the plan for a period of 24 months from the date the military leave commences or, if sooner, the period ending on the day after the deadline for the Employee to apply for or return to work with the Employer. During military leave the Employee is required to pay the Employer for the entire cost of such coverage, including any elected Dependents' coverage.

However, if the Employee's absence is less than 31 days, the Employer must continue to pay its portion of the premiums and the Employee is only required to pay his or her share of the premiums without the COBRA-type 2% administrative surcharge.

Also, when the Employee returns to work, if the Employee meets the requirements specified below, USERRA states that the Employer must waive any exclusions and waiting periods, even if the Employee did not elect COBRA continuation. These requirements are (i) the Employee gave reasonable notice to his or her Employer of military leave, (ii) the military leave cannot exceed a prescribed period (which is generally five (5) years, except in unusual or extraordinary circumstances) and the Employee must have received no less than an honorable discharge (or, in the case of an officer, not been sentenced to a correctional institution), and (iii) the Employee must apply for reemployment or return to work in a timely manner upon expiration of the military

leave (ranging from a single day up to 90 days, depending upon the period that he or she was gone). The Employee may also have to provide documentation to the Employer upon reemployment that would confirm eligibility. This protection applies to the Employee upon reemployment, as well as to any Dependent who has become covered under the Plan by reason of the Employee's reinstatement of coverage.

Family and Medical Leave Act of 1993

An Employee may continue membership in the Plan as provided by the Family and Medical Leave Act. An Employee who has been employed at least one year, within the previous 12 months is eligible to choose to continue coverage for up to 12 weeks of unpaid leave for the following reasons:

- The birth of the Employee's child.
- The placement of a child with the Employee for the purpose of adoption or foster care.
- To care for a seriously ill Spouse, child or parent.
- A serious health condition rendering the Employee unable to perform his or her job.

If the Employee chooses to continue coverage during the leave, the Employee will be given the same health care benefits that would have been provided if the Employee were working, with the same Fee contribution ratio. If the Employee's Fees for continued membership in the Plan is more than 30 days late, the Employer will send written notice to the Employee. It will tell the Employee that his or her membership will be terminated and what the date of the termination will be if payment is not received by that date. This notice will be mailed at least 15 days before the termination date.

If membership in the Plan is discontinued for non-payment of Fees, the Employee's coverage will be restored to the same level of benefits as those the Employee would have had if the leave had not been taken and the Fee payment(s) had not been missed. This includes coverage for eligible dependents. The Employee will not be required to meet any qualification requirements imposed by the Plan when he or she returns to work. This includes: new or additional waiting periods; waiting for an open enrollment period; or passing a medical exam to reinstate coverage.

Please contact your Human Resources Department for state specific Family and Medical Leave Act information.

Temporary Medical Leave of Absence

Enrolled Subscribers are eligible to continue Group coverage for themselves and their enrolled Dependents for a maximum period as elected by the employer provided that the Subscriber continues an employer approved medical leave of absence and the employer continues to pay the required monthly Premium.

General Provisions

Care Coordination

The Claims Administrator pays In-Network Providers in various ways to provide Covered Services to you. For example, sometimes they may pay In-Network Providers a separate amount for each Covered Service they provide. The Claims Administrator may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, the Claims Administrator may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, the Claims Administrator may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to the Claims Administrator because they did not meet certain standards. You do not share in any payments made by In-Network Providers to the Claims Administrator under these programs.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Plan or the Claims Administrator.

Confidentiality and Release of Information

Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on the website and can be furnished to you upon request by contacting the Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Conformity with Law

Any term of the Plan which is in conflict with federal law, will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with Anthem

The Employer, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a contract solely between the Employer and us, Anthem Blue Cross Life and Health (Anthem) dba Anthem Blue Cross and Blue Shield (Anthem), and that we are an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the state of California. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Employer, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this contract based upon representations by any person other than Anthem and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Employer for any of Anthem's obligations to the Employer created under the contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Employer's Sole Discretion

The Employer may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the Employer, with advice from the Claims Administrator, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Form or Content of Booklet

No agent or employee of the Claims Administrator is authorized to change the form or content of this Benefit Booklet. Such changes can be made only through an endorsement authorized and signed by an officer of the Employer.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require the Plan to be the primary payer. If duplication of such benefits occurs, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to the Plan.

Medical Policy and Technology Assessment

The Claims Administrator reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of the Claims Administrator's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including the Claims Administrator's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Except when federal law requires the Plan to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the Plan, to the extent the Plan has made payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to [Medicare.gov](https://www.medicare.gov) for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

Member Rights and Responsibilities

The delivery of quality healthcare requires cooperation between patients, their Providers and their healthcare benefit plans. One of the first steps is for patients and Providers to understand Member rights and responsibilities. Therefore, Anthem Blue Cross and Blue Shield has adopted a Members' Rights and Responsibilities statement.

It can be found on our website FAQs. To access, go to [anthem.com](https://www.anthem.com) and select Member Support. Under the Support column, select FAQs and your state, then the "Laws and Rights That Protect You" category. Then click on the "What are my rights as a member?" question. Members or Providers who do not have access to the website can request copies by contacting Anthem, or by calling the number on the back of the Member ID card.

Modifications

The Plan Sponsor may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the Employer, or by mutual agreement between the Claims Administrator and the Employer without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Not Liable for Provider Acts or Omissions

The Claims Administrator is not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against the Plan Administrator based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

The Claims Administrator pays In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by the Claims Administrator from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to the Claims Administrator under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by the Claims Administrator or to the Claims Administrator under the Program(s), and you do not share in any payments made by Network Providers to the Claims Administrator under the Program(s).

Plan Administrator – COBRA and ERISA

In no event will we be plan administrator for the purpose of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA). The term "plan administrator" refers either to the Employer or to the person or entity other than us, engaged by the Employer to perform or assist in performing administrative tasks in connection with the Employer's health plan. The Employer is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA. In providing notices and otherwise performing under the "Termination and Continuation of Coverage" section, the Employer is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agents.

Policies, Procedures and Pilot Programs

The Claims Administrator is able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the [Administrative Services Agreement](#), we, [on behalf of the Employer](#), have the authority, in our discretion, [to institute from time to time, pilot or test programs for utilization management, care management, case management, clinical quality, disease management or wellness initiatives in certain designated geographic areas. These pilot initiatives are part of our ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the Employer's Group Health Plan, unless otherwise agreed to by the Employer. We reserve the right to discontinue a pilot initiative at any time without advance notice to Employer.](#)

Program Incentives

The Claims Administrator may offer incentives from time to time in order to introduce you to covered programs and services available under this Plan. The Claims Administrator may also offer the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as the Claims Administrator offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. The Claims Administrator may discontinue a program or an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, it's recommended that you consult your tax advisor.

Protected Health Information Under HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. Your Employer's Group Health Plan has a responsibility under the HIPAA Privacy Regulations to provide you with a Notice of Privacy Practices. This notice sets forth the Employer's rules regarding the disclosure of your information and details about a number of individual rights you have under the Privacy Regulations. As the Claims Administrator of your Employer's Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If you would like a copy of Anthem's Notice, contact the Member Services number on the back of your Identification Card.

Relationship of Parties (Employer-Member-Anthem)

The Employer is fiduciary agent of the Member. The Claims Administrator's notice to the Employer will constitute effective notice to the Member. It is the Employer's duty to notify the Claims Administrator of eligibility data in a timely manner. The Claims Administrator is not responsible for payment of Covered Services of Members if the Employer fails to provide the Claims Administrator with timely notification of Member enrollments or terminations.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between Anthem Blue Cross Life and Health (Anthem) and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of Anthem, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

Discretionary Authority

We, as the Claims Administrator, shall have all the powers necessary or appropriate to enable us to carry out our duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine questions arising under the Plan, to resolve Member Appeals and to make, establish and amend the rules, regulations, and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. We have complete discretion to interpret the Benefit Booklet. Our determination may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures.

Right of Recovery and Adjustment

Whenever payment has been made in error, the Plan will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustments to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

The Claims Administrator has oversight responsibility for compliance with Provider and vendor contracts. The Claims Administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, the Claims Administrator has established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery and adjustment amounts. The Claims Administrator will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or under payment amount. The Claims Administrator reserves the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-Of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Value-Added Programs

The Claims Administrator may offer health or fitness related programs to Members, through which you may access discounted rates from certain vendors for products and services available to the general public. The Claims Administrator may also offer value-added services that include discounts on pharmacy products (over-the-counter drugs, consultations and biometrics). In addition, you may have access to additional value-added services that include discounts on pet medications, wholesale club memberships, mobile phone minutes and banking and payment services.

Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits and may include giveaways that promote a healthy lifestyle. As such, program features are not guaranteed under your health Plan Contract and could be discontinued at any time. The Claims Administrator does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Worker's Compensation or Employer Liability Law, the value of Covered Services shall be the amount paid for the Covered Services.

Voluntary Clinical Quality Programs

The Claims Administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. The Claims Administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which the Plan encourages you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate results or to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, the Claims Administrator recommends that you consult your tax advisor.

Voluntary Wellness Incentive Programs

The Claims Administrator may offer health or fitness related program options for purchase by your Employer to help you achieve your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under this Plan and could be discontinued at any time. If your Employer has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options an Employer may

select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the Claims Administrator at the Member Services number on your ID card and they will work with you (and, if you wish, your Doctor) to find a wellness program with the same reward that is right for you in light of your health status. (If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.)

Waiver

No agent or other person, except an authorized officer of the Employer, is able to disregard any conditions or restrictions contained in this Booklet, to extend the amount of time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Worker's Compensation

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Worker's Compensation Law. All money paid or owed by Worker's Compensation for services provided to you shall be paid back by, or on your behalf to the Plan if it has made payment for the services received. It is understood that coverage under this Plan does not replace or affect any Worker's Compensation coverage requirements.

For example, the Plan will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a hospital if the drug could be provided in a Physician’s office of the home setting.

For these purposes, “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician specialty society recommendations and the views of Physicians practicing in relevant clinical areas and any other relevant factors.

For purposes of treatment of Mental Health and Substance Use Disorder, Medically Necessary means a service or product addressing the specific needs of that patient, for the purpose of preventing, diagnosing, or treating an illness, injury, condition, or its symptoms, including minimizing the progression of an illness, injury, condition, or its symptoms, in a manner that is all of the following:

- For all other Surprise Billing Claims, the Recognized Amount is the lesser of the Qualifying Payment Amount or the amount billed by the Out-of-Network Provider or Out-of-Network Facility; or the amount approved under an applicable All-Payer Model Agreement under section 1115A of the Social Security Act.

Reasonable and Customary Value

For professional Out-of-Network Providers, the Reasonable and Customary Value is determined by using a percentile of billed charges from a database of a third party that takes into consideration various factors, such as the amounts billed for same or similar services, and the geographic locations in which the services were rendered.

For Facility Out-of-Network Providers, the Reasonable and Customary Value is determined by using a percentile of billed charges from a database of the Claims Administrator's actual claims experience, subject to certain thresholds based on each Provider's cost-to-charge ratio as reported by the Provider to a California governmental agency and the actual claim submitted to us.

Claims Disclosure Notice Required by ERISA

The plan document and this Booklet entitled "Benefit Booklet," contain information on reporting claims, including the time limitations on submitting a claim. Claim forms may be obtained from the Plan Administrator or from the Claims Administrator. (Note that the Claims Administrator is not the Plan Administrator nor the administrator for the purposes of ERISA.) In addition to this information, ERISA applies some additional claim procedure rules. The addition rules required by ERISA are set forth below.

Urgent Care. The Claims Administrator must notify you, within 72 hours after they receive your request for benefits, that they have it and what they determine your benefits to be. If your request for benefits does not contain all the necessary information, they must notify you within 24 hours after they get it and tell you what information is missing. Any notice to you by them will be orally, by telephone, or in writing by facsimile or other fast means. You have at least 48 hours to give them the additional information they need to process your request for benefits. You may give them the additional information they need orally, by telephone, or in writing by facsimile or other fast means.

If your request for benefits is denied in whole or in part, you will receive a notice of the denial within 72 hours after the Claims Administrator's receipt of the request for benefits, or 48 hours after receipt of all the information they need to process your request for benefits if the information is received within the time frame noted above. The notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision was based. You have 180 days to appeal their adverse benefit determination. You may appeal their decision orally, by telephone, or in writing by facsimile or other fast means. Within 72 hours after they receive your appeal, they must notify you of their decision, except as otherwise noted below. They will notify you orally, by telephone, or in writing by facsimile or other fast means. If your request for benefits is no longer considered urgent, it will be handled in the same manner as a Non-Urgent Care Pre-Service or Post-service appeal, depending upon the circumstances.

Non-Urgent Care Pre-Service (when care has not yet been received). The Claims Administrator must notify you within 15 days after they receive your request for benefits that they have it and what they have determined your benefits to be. If they need more than 15 days to determine your benefits, due to reasons beyond their control, they must notify you within that 15-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 30 days to determine your benefits. If you do not properly submit all the necessary information for your request for benefits to them, they must notify you, within 5 days after they get it and tell you what information is missing. You have 45 days to provide them with the information they need to process your request for benefits. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your request for benefits is denied in whole or in part, you will receive a written notice of the denial within the time frame stated above after the Claims Administrator has all the information they need to process your request for benefits, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180 days to appeal their adverse benefit determination. Your appeal must be in writing. Within 30 days after they receive your appeal, they must notify you of their decision about it. Their notice of their decision will be in writing.

Concurrent Care Decisions:

- **Reduction of Benefits** – If, after approving a request for benefits in connection with your illness or injury, the Claims Administrator decides to reduce or end the benefits they have approved for you, in whole or in part:
 - They must notify you sufficiently in advance of the reduction in benefits, or the end of benefits, to allow you the opportunity to appeal their decision before the reduction in benefits or end of benefits occurs. In their notice to you, the Claims Administrator must explain their reason for reducing or ending your benefits and the plan provisions upon which the decision was made.
 - To keep the benefits you already have approved, you must successfully appeal the Claims Administrator's decision to reduce or end those benefits. You must make your appeal to them at least 24 hours prior to the occurrence of the reduction or ending of benefits. If you appeal the decision to reduce or end your benefits when there is less than 24 hours to the occurrence of the reduction or

ending of benefits, your appeal may be treated as if you were appealing an urgent care denial of benefits (see the section “Urgent Care,” above), depending upon the circumstances of your condition.

- If the Claims Administrator receives your appeal for benefits at least 24 hours prior to the occurrence of the reduction or ending of benefits, they must notify you of their decision regarding your appeal within 24 hours of their receipt of it. If the Claims Administrator denies your appeal of their decision to reduce or end your benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may further appeal the denial of benefits according to the rules for appeal of an urgent care denial of benefits (see the section “Urgent Care,” above).
- **Extension of Benefits** – If, while you are undergoing a course of treatment in connection with your illness or injury, for which benefits have been approved, you would like to request an extension of benefits for additional treatments:
 - You must make a request to the Claims Administrator for the additional benefits at least 24 hours prior to the end of the initial course of treatment that had been previously approved for benefits. If you request additional benefits when there is less than 24 hours till the end of the initially prescribed course of treatment, your request will be handled as if it was a new request for benefits and not an extension and, depending on the circumstances, it may be handled as an Urgent or Non-Urgent Care Pre-service request for benefits.
 - If the Claims Administrator receives your request for additional benefits at least 24 hours prior to the end of the initial course of treatment, previously approved for benefits, they must notify you of their decision regarding your request within 24 hours of their receipt of it if your request is for urgent care benefits. If the Claims Administrator denies your request for additional benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may appeal the adverse benefit determination according to the rules for appeal for Urgent, Pre-Service or Post-Service adverse benefit determinations, depending upon the circumstances.

Non - Urgent Care Post-Service (reimbursement for cost of medical care). The Claims Administrator must notify you, within 30 days after they receive your claim for benefits, that they have it and what they determine your benefits to be. If they need more than 30 days to determine your benefits, due to reasons beyond their control, they must notify you within that 30-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 45 days to determine your benefits. If you do not submit all the necessary information for your claim to them, they must notify you, within 30 days after they get it and tell you what information is missing. You have 45 days to provide them with the information they need to process your claim. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your claim is denied in whole or in part, you will receive a written notice of the adverse benefit determination within the time frame stated above, or after the Claims Administrator has all the information they need to process your claim, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180 days to appeal their decision. Your appeal must be in writing. Within 60 days after they receive your appeal, they must notify you of their decision about it. Their notice to you or their decision will be in writing.

Note: You, your beneficiary, or a duly authorized representative may appeal any denial of a claim for benefits with the Claims Administrator and request a review of the denial. In connection with such a request:

- Documents pertinent to the administration of the Plan may be reviewed free of charge; and
- Issues outlining the basis of the appeal may be submitted.

You may have representation throughout the appeal and review procedure.

For the purposes of this provision, the meanings of the terms “urgent care,” “Non-Urgent Care Pre-Service,” and “Non - Urgent Care Post-Service,” used in this provision, have the meanings set forth by ERISA for a “claim involving urgent care,” “pre-service claim,” and “post-service claim,” respectively.
